EASTBAY OUT TO BRING BIG PARLEY HERE

Move Made By Britain's Dominion Premiers To Hold Conference in Pacific Coast City Stirs Oakland C. of C.

Powers To Be Told of Superior Advantages of U. of C. As Place For Discussing Problems of the Far East

TOKYO, July 26.—(The Associated Press.)—The Japanese cabinet has decided to accept participation in the proposed conference on Far Eastern problems, the Associated Press was informed today.

It is understood the Japanese answer will be forwarded to Washington in the near future.

First steps in the campaign to bring the international conference on Pacific questions to the University of California were taken today by officials of the Oakland Chamber of Commerce in the investigation of information contained in cablegrams received from London in which were stated that a request had been made by Great Britain's government to hold the conference in the Pacific Coast city.

The Pacific Coast of America may be the scene of a momentous meeting of powers to discuss international problems, it was learned today from the cablegram to the United Press. U. OF C. IS LOGICAL PLACE FOR PARLEY.

Merits of the University of California library as the logical scene of the world conference were pointed out by Eugene Bowles, publicity director of the Oakland Chamber of Commerce. The largest technical and political library on the west coast and the University of California's world famous library provide an ideal site for the scene of the conference, Bowles said.

With the report that Lloyd George, premier of Great Britain, will attempt to bring the question of war debts into the disarmament question and will bring a large corps of financial experts with him, Bowles said that the University of California will be of great assistance to the financial statisticians, it was declared by Bowles.

Seattle was also suggested as a possible site for the Pacific conference of world powers and it was intimated that Premier McKim of Canada approved the suggestion.

Coast cities were also considered in the request of the British leaders in asking for the selection of a Pacific coast city, and many immediately dispatched telegrams to President Harding.

Major James R. P. Smith, San Francisco, telegraphed to President Harding reminding him that San Francisco has world wide fame as a scene of notable gatherings.

Portland and Seattle during the morning were preparing to enter the race.

By DUKE N. PARRY, International News Service Staff Correspondent.

TOKYO, July 26.—Japan's formal acceptance of President Harding's invitation to join in an international disarmament conference in Washington will be forwarded immediately following a meeting of the cabinet this afternoon, it was predicted today in unofficial but unusually reliable informed circles.

According to the same source, the Japanese reply in readiness for transmission and would be started on its way to Washington as soon as the cabinet session ended. The reply has already been approved by the advisory council.

ACCEPT FIRST IS WORD TO JAPANESE. WASHINGTON, July 26.—Accepting President Harding's invitation to the armament and Far Eastern conference first and talk preliminary conference afterwards.

This is the burden of a note addressed to Japan by Secretary of State Hughes. It was announced officially yesterday.

Secretary Hughes' memorandum (Continued on Page 2, Col. 1)

King Pose Fizzles GOVERNOR LEN SMALL of Illinois, whose arrest under indictment charging conspiracy to defraud in connection with \$3,900,000 state funds, has been ordered by the court. Small claimed immunity on the ground that as head of the state he was co-equal with the law and not subject to it.

Rail Board Hears Protest Against Ferry Reduction

Residents of Alameda Declare Proposed Plan Would Cause Hardship.

SAN FRANCISCO, July 26.—A score of residents of Alameda, on hand at the offices of the State Railroad Commission today to protest against the proposed curtailment of service via the Alameda mole, by the elimination of the first train and boat connection in the morning and the last at night, proposed by the S. F. company.

The hearing on the plan to curtail service in Berkeley was scheduled also for today, but a continuing session was postponed until the request of City Attorney Cornish.

J. Ben Cohn of 1000 San Antonio avenue, Alameda, owner of seven retail cigar stores in San Francisco, declared that if the 1:15 a. m. boat were eliminated, he would have to sacrifice his Alameda property and move here.

He declared that the curtailment of service was not a hardship, but a convenience, and that it was sometimes difficult to obtain a seat on the car on the Alameda, and that from 50 to 100 persons were on his car every night.

ATTORNEY AND CIGAR MAN AT VARIANCE.

Asked by S. P. counsel, Attorney E. J. Rouds, whether if the records showed that an average of twenty-five passengers only were carried on the train, Cohn answered a positive "No."

A. Springer of 2168 San Jose avenue, a carrier in the ferry post-office, declared that he took the early morning train and boat in order to report for duty at the time required by the government. He claimed that he had no other employees, all of whom were forced to take that boat in order to report for duty at the appointed time.

He did not know what would be the outcome of the hearing, but he would have to move across the bay if the service was abolished.

William J. Murray, marine surveyor, declared that his business was such that he had to take both early and late trains from his home. He would suffer great hardship, he explained, if these were curtailed.

MUSICIANS SAY THEY WOULD SUFFER HARSHLY.

George A. Adams of Alameda, secretary of the Oakland branch of the musicians' union and for twenty-seven years a resident of the Zenith City, appeared as the representative of 483 musicians in the Eastbay district. He declared that the curtailment of service would be a hardship on the musicians, and that he would follow the elimination of the 1:15 boat from San Francisco. He said that he himself, by reason of his office in the union, was not affected, but that he should be allowed to work he would have to leave his home, as would other musicians, if the new schedule went into operation.

Hardings To Pass Vacation in Hills

ARREST OF GOV. SMALL IS ORDERED

Claim of Immunity As Head of State Ridiculed; Divine Right of Kings Doctrine Is Not Recognized Under U. S.

Plan To Call Out Troops To Protect Executive Branded Defi to Constitution; in End Governor Decides to Obey

By WILLIAM K. HUTCHINSON, International News Service Staff Correspondent.

SPRINGFIELD, July 26.—Governor Len Small of Illinois today was ordered arrested on charges involving misuse of state interest funds.

His arrest was ordered by Circuit Court Judge Smith, in a decision denying the right of a governor to immunity from the state criminal code. The judge, in his decision, ridiculed the divine right of kings doctrine and declared that the governor was not recognized under U. S. law.

Just as court adjourned the judge received a large bouquet of roses. "Someone has sent the court a bouquet," he said. "I hope that the bouquet will be a sign that the governor will not attempt to delay the order of the court issuing warrants for my arrest."

Just as court adjourned the judge received a large bouquet of roses. "Someone has sent the court a bouquet," he said. "I hope that the bouquet will be a sign that the governor will not attempt to delay the order of the court issuing warrants for my arrest."

N. Y. Gasps As It Hears John D. Sr. Will Take Bride

(By International News Service) NEW YORK, July 26.—An astounding report that John D. Rockefeller Sr., the world's richest man, is contemplating matrimony, which spread through high financial and social circles today, was denied this afternoon by the oil king's secretary at his Tarrytown estate.

When the International News Service communicated the report to the secretary, he said: "That is perfect nonsense. Mr. Rockefeller is all right. If you want to find out more, call up No. 26 Broadway."

John D. Rockefeller Jr. was reported "in the country," but his secretary said he had not heard that Mr. Rockefeller was to marry and that the report was too flimsy to call the oil king's son in reference to it.

The rumors were circumstantial in that they reported the lady in question to be a "middle-aged friend of the Rockefeller family," and that the marriage was to take place "after the first of the year."

The oil king was believed to be at his Tarrytown estate this afternoon, but the gates were closed to newspaper men.

Dail Eireann Men To Be Liberated For Conference

British Government Plans For Parliament To Take Up Irish Settlement.

BEELFAST, July 26.—(By The Associated Press.)—The Belfast Telegraph's Dublin correspondent says today he understands virtually all the members of the Dail Eireann, or Irish Republican parliament, who are in jail, will be released at an early date. This action will be taken to give them an opportunity to meet and discuss the British government's proposal for settlement of the Irish question, he adds.

LONDON, July 26.—"In the most hopeful contingency of the Irish settlement being reached, the government plans to summon Commons to discuss it late in November or early in December," an Irish member of the House of Commons, who is in jail, was reported to say today.

By CHARLES M. MCCANN, United Press Staff Correspondent.

BEELFAST, July 26.—Ulster will negotiate with Sinn Fein if "a proper invitation" comes from Dublin, Hugh Pollock, Ulster's premier, declared today in an exclusive interview with the United Press.

Pollock, virtual head of the Ulster government during the absence of Premier Craig on vacation, declared that the Northern section of Ireland will, under no circumstances, be subordinated to the South.

"We have our own government," he declared. "We intend to keep it. We are too big to be absorbed into a United Ireland."

Pollock said that the Sinn Fein aims of returning to Sinn Fein and Sinn Fein, and that there will be time to talk of a United Ireland.

Pollock said that the Sinn Fein aims of returning to Sinn Fein and Sinn Fein, and that there will be time to talk of a United Ireland.

TEUTONS AND POLES IN NEW ARMED CLASH

Six Germans Wounded By Polish Troops, Who Precipitate Disorder; Seize Railway, Burn Stations

Allied Supreme Council To Meet in Paris August 1 in Effort to End Strife in Silesia; Premier Not Going

BY INTERNATIONAL NEWS SERVICE LEASED WIRE TO TRIBUNE.

LONDON, July 26.—Fighting has again broken out in Upper Silesia, according to a Russian despatch to the Allgemeine Zeitung today.

Six Germans were wounded in a clash with Polish insurgents. A general strike has been proclaimed at Rybnik.

The Polish insurgents have seized the Biala-Zawadzka railway. A number of railway stations were set on fire. The government has ordered that no railway should be operated by the government for the period of the world war.

Supreme Council To Meet August 1. BY ASSOCIATED PRESS LEASED WIRE TO TRIBUNE.

LONDON, July 26.—The allied supreme council will meet in Paris August 4, according to an official announcement this morning. It is understood that the session will be devoted to dealing only with the Silesian question.

Lord Curzon, secretary of state for foreign affairs, and A. J. Salazar, president of the council, will represent Great Britain, as it is probable Lloyd George, prime minister, will be able to leave London.

The British experts will be examining the Silesian question before the council meeting already have left for Paris.

It is understood that Ambassador Hays will attend the supreme council sessions in an advisory and unofficial capacity.

The call for this meeting of the supreme council compromises, to a degree, the differences between Great Britain and France over the procedure to be adopted in settling the Silesian problem, where the situation, owing to the German and Polish rivalry in the disputed area is said to be increasingly threatening.

A despatch from Paris Monday night indicated that Great Britain had agreed to a meeting of the supreme council August 4 and a preliminary session of the council would be held in Paris.

MEET IN BOULOGNE IS PARIS REPORT. BY INTERNATIONAL NEWS SERVICE LEASED WIRE TO TRIBUNE.

PARIS, July 26.—The interallied supreme council will meet at Boulogne on August 4, it was officially announced today.

(Note: Official announcement was made in London that the supreme council would not meet in Paris.)

The allied experts who have been in Upper Silesia studying boundaries will meet in Boulogne. The question of sending French reinforcements to Upper Silesia is still in abeyance, officials declared.

Harding Asks Congress to Banish Industrial Depression By Aiding Railways and Farmers of Nation

Aid Would Revive Business Full Text of Message Given

WASHINGTON, D. C., July 26.—The text of President Harding's message to Congress asking relief for railroads and agriculture of the nation follows:

To the Senate and House of Representatives: It is necessary to all the attention of Congress to the subject of the railroads and agriculture of the nation. The railroads and agriculture of the nation are the backbone of the nation's economy. It is the duty of the government to aid them in their struggle against industrial depression.

The railroads and agriculture of the nation are the backbone of the nation's economy. It is the duty of the government to aid them in their struggle against industrial depression.

HALF BILLION SUM MAY BE GIVEN ROAD

President Assures Lawmakers No Appropriation Needed Authority Simply Sought. Expend Money On It

Desperate Plight of Agriculture and Stock Raising Told and Measures Urged For Their Relief At Once

By J. BART CAMPBELL, International News Service Staff Correspondent.

WASHINGTON, July 26.—President Harding this afternoon appealed to Congress to extend the power of the war finance corporation to the railroads and agriculture of the nation.

The President in a message to Congress asked that the war finance corporation be given power to purchase securities which are the result of the funding of the railroads and agriculture of the nation.

The President pointed out that the war finance corporation had been established to aid the railroads and agriculture of the nation in their struggle against industrial depression.

ASTBAY WILL MAKE BID FOR WORLD PARLEY

International Conference On
Pacific Affairs May Be
Held in Berkeley.

(Continued from Page 1)

In response to Japan's request for further information as to the scope of the conference, the United States has agreed to have out-stand the United States' position as follows:

That the agenda for the conference should not be prepared in advance of acceptance of a formal invitation to participate by all the nations.

Following acceptance of the invitation, the United States, although opposed to too great restriction in the scope of the discussions, is willing to informally discuss with the invited powers as to the general line of subjects to be included in the program.

That the agenda to be adopted immediately rests with all the powers invited to determine, in which direction Japan would have as a result of the Hughes memorandum, Japan's agreement to participate in the conference on Pacific subjects is expected almost surely.

Over Rail Bill Opposed in Senate

WASHINGTON, July 26.—After a day of discussion, the Senate today rejected a bill authorizing the War Finance Corporation to issue bonds of \$100,000,000 to provide for the construction of a new rail line from Los Angeles to San Francisco. The bill was opposed by Senator Kelllogg, Republican, Minnesota.

Big Steamship Makes Record on Speed, Endurance

By International News Service
LOS ANGELES, July 26.—Breaking all existing speed and endurance records between the Atlantic coast and the Pacific coast, the 21,000-ton Pacific Mail liner Empress State, in charge of Captain Henry Nelson, made the trip from Seattle to Los Angeles in thirteen days and 19 1/2 hours, according to an announcement made today by the local agents for the Pacific Mail steamship company.

Scoring her new record as the fastest voyage she will make in her new schedule, the Empress State is preparing for her maiden trip in regular service, from San Francisco to Honolulu and China.

Lo, the Poor Confectioner! Listen to His Tale of Woe

Persons who want to have a starched-white waitress serve them a glass of water while waiting for their rootbeer, who expect two straws with it when they get it, and who sit on fine furniture in an expensively decorated dining room, and can expect to pay fifteen or seventeen cents for said rootbeer.

"Tell your troubles to a reporter," seems to be the motto of the day, and so after hearing the complaint of many persons about the exorbitant profiteering that is said to be rampant, it was decided to hear the tale of the poor confectioner.

day long and buying gum a package at a time, we would go broke because we sell.

"The gross profit on gum is a cent on a 5-cent package. But let's trace the history of a package of gum through the store. It comes in, and a bookkeeper checks off the purchase. A clerk places them up in the class case of these fancy piles. That takes time, and our customers won't stand for buying gum that isn't piled nice.

troubles of managers of the leading confectionary stores of the city. Like everybody else, they have a lot of them.

They argue first that they have dropped prices. The highest priced chocolates were \$2 a pound and are now \$1.50. Other chocolates that were from \$1.25 to \$1.75 a pound have dropped 25 cents a pound. Fountain specialties, they claim, have dropped likewise.

While raw materials have dropped considerably, raw materials, it seems, do not count for much in the pastry business.

CUTES CHOCOLATE PASTRY.

One manager pointed to a bit of chocolate pastry built like a good old-fashioned jelly roll. It was made of a roll of chocolate cake dough with whipped cream where the jelly used to be in the jelly roll. But it was quite expanded and the wipped cream was of greater volume than the dough. It looked good.

"Take, for instance, that piece of pastry," said the manager, pointing to it. "Can you roll a pastry like that? Can your wife? Can any-

body you know? No, you can't. Neither can I. That's a profession to roll a pastry like that. We have one man who doesn't work many hours a day either, and all he does all day long is roll those pastries, and we pay him \$60 a week for it.

"You can't expect to get those pastries for just the cost of raw materials, or course. If you want to get your pastry at such a cheap place, where it isn't rolled so expertly, that's your privilege, but people that want their pastry rolled properly have got to pay for it, that's all."

Of course, all pastry isn't rolled, the manager explained, but the labor involved in making a piece of fancy pastry sometimes amounts to two or three times the cost of the raw materials in the pastry.

THEN CONSIDER GUM.

"Then, take gum, for instance," the manager went on enthusiastically. "He had evidently had had practice in defending himself against charges of unduly high prices. 'If we were to have a steady stream of people coming in here all

the end of the day the check goes to the bookkeeper. So you see while we delight in serving our gum customers, we aren't making any money from them."

Another trouble of the confectioner is his soda fountain. One of the leading confectioners confessed that he was about to purchase a new one and that with prices as they are to put one in of the same type he is now using, save for some minor improvements, will cost him \$3000.

"A soda fountain only lasts about eight years, so you can charge off another \$1000 a year for that," he continued.

The manager's eye lit up suddenly. "See that nut candy there," he exclaimed, pointing to some expensive stuff in one of the cases. "These pecans cost \$1.35 a pound in St. Louis. The cost of blanching them brings it up to \$1.60 a pound, and that's just the nuts. The rest is candy, and the labor of making them costs almost as much as it does to roll the pastry. Is it a wonder that they cost \$2 a pound?"

"And yet a customer was in here a while ago and wanted to buy a dime's worth of them. When the clerk explained that one piece weighed up to about 12 cents, she called it impudence and walked out."

Mrs. Adams Will Quit Federal Office

Mrs. Annette Abbott Adams, the first woman to be an assistant attorney general, will sever her connection with the government and return to private practice in San Francisco August 1, it was said today in Washington dispatches. She resigned some months ago, but continued to finish pending cases in her office involving prohibition.

During her government service, Mrs. Adams wrote a number of important liquor opinions, including the in transit liquor ruling which holds that no ships may enter the three-mile limit with liquor aboard. Attorney General Daugherty will appoint a woman to succeed Mrs. Adams, but so far has not made a selection.

Legion Men Block Trouble At Meeting

DES MOINES, Ia., July 26.—Just as she was about to make her second attempt at a speech in Des Moines, Mrs. Ida Crouch Hazlett, New York Socialist speaker, was seized last night by men, said to have been members of the American Legion, hustled into a waiting automobile and taken to the police station.

The men, headed by Irving Ferrite, secretary of the local legion post, claimed that they discovered a plot to create a disturbance "which might have ended in violence" at the meeting, which was held in front of the public library.

After a conference at the police station, where the legion men explained to the police and Mrs. Hazlett the reason for their action, Mrs. Hazlett was released.

Effort To Corner Rye Market Probed

CHICAGO, July 26.—An investigation is being made by the Chicago Board of Trade into an alleged attempt by an eastern grain firm which maintains offices in Chicago and operates through the local exchange to manipulate a corner in rye, according to President Joseph P. Griffin, president of the board.

Several prominent grain dealers of Chicago and the vice-president of a New York exporting firm have been called before President Griffin and members of the board.

"How do you account for your great popularity as a man?" It's very simple. Instead of trying to show people I'm a fool, I make it clear to them how much they know."

Million-a-Year Men Pay \$666,000 Tax

WASHINGTON, July 26.—People who are making a million dollars or more net income are paying the government practically two-thirds of it in taxes, according to preliminary statistics of income for 1919, issued yesterday by the internal revenue bureau. There were sixty-five of these taxpayers paying an average of \$1,523,492 each, the average rate of tax being 64.87 per cent.

The preliminary statistics do not show the taxes in classes above \$1,000,000, but the net income of individuals in the class from \$1,000,000 to \$1,500,000 is given as \$41,665,483.

GOES TO HOSPITAL

PATERSON, July 26.—J. F. Evans, owner of the local telephone and electric lines, has been removed to a Modesto hospital for treatment. He has been failing health for some time and surgeons urged that he place himself under expert attention at once. It is believed he will be obliged to undergo a serious operation within a short time.

Northcliffe Asks When Prohibition Begins in U. S.

NEW YORK, July 26.—Viscount Northcliffe, who is enjoying the lure of the metropolis for a short while before resuming his trip toward the Far East, has joined the list of foreign personages who exhibit a sense of humor in discussing matters appertaining to the Eighteenth Amendment and its enforcement.

Asked what he thought of prohibition, he said:

"Take me to a place where there is prohibition and I'll tell you what I think about it."

Which recalls what a Rumanian Prince on a recent visit to New York asked: "When does prohibition begin?"

Bill Would Halt Work On Warships

WASHINGTON, July 26.—Construction work on the battleships South Dakota, Indiana, Montana, North Carolina, Iowa and Massachusetts and the battle cruisers Ranger, Constitution and United States would be stopped under a bill introduced by Senator King, Democrat, Utah. It would also provide for conversion of the battle cruisers Saratoga, Lexington and Constellation into airplane carriers and require the secretary of the navy to make contracts for the construction of four fleet submarines heretofore authorized.

An amendment offered by Senator King to the naval appropriation bill for discontinuing work on the battleships was overwhelmingly rejected.

KAISER BUYS HOME

PARIS, July 26.—The ex-Kaiser has bought a home called the Villa Mathilde, near Huls Dorn, whither Princess Louise, his only daughter, and her husband, the Duke of Brunswick, will come to live shortly.

CIVIL SERVICE TO DECIDE CASES OF JONES, HENKEN

Discharged City Hall Men To
Learn Their Fate At
Meeting Tonight.

The Civil Service board will meet tonight to consider the appeals of Ben Jones and Henry Henken, secretaries respectively to former Commissioners Morse and Soderberg, and ousted from their positions with their chiefs.

Jones and Henken allege they were dismissed without cause, and

merely made the victims of a change in political administration.

Commissioner Frank Colbourn, who was secretary of the Civil Service board for many years, has asserted that there is nothing to force the continuation of a useless or undesirable office. Colbourn says he desires no executive secretary. Under such a condition, he asserts, economy demands that such a secretary be laid off. Colbourn further insists that neither Jones nor Henken were discharged but laid off. The charter, he explains, allows this.

In a recent opinion, Acting City Attorney Leon Gray sustains Colbourn.

The hearing tonight will decide it, though it is intimated that Jones and Henken have little chance for success in the face of the commissioners' and city attorney's rulings.

A total of \$150,000,000 is being sought for college endowment funds in the United States, and \$110,000,000 of this amount has been collected.

Many Cities Received By
Head Officials.

The membership and number of
bs of the International Associa-
of Lions will be doubled during
next year, according to Ewen W.
neron, newly elected president of
international association, just
or to his departure for Portland,
s, where he will begin a tour of
northwest to investigate condi-
ions in municipalities which have
usted Lion organizers there.
amerone said: "Success of Lionism
ue to the fact that it appreciates
value of the spiritual as well as
practical and it is because of this
Lionism will prosper. We now
e 265 clubs with a total member-
p of 16,000, but with the next
e we will have 500 clubs with a
al membership of 50,000."
if the real purpose and motives
the Lions clubs, Cameron said:
"The Lions club is a constructive
n-luncheon organization. Purely
on-sectarian and non-political or-
ganization the Lions are ever wil-
l to take up arms against a con-
dition that is bad. If it is necessary
Lions step into politics and singu-
lly each advance his met with
cess."
It is because the Lions realize the
portance of spiritual development
at they have won fame. From
e immemorial we have been tak-
care of our physical and our
ntal development, but we have
our spiritual development for-
get in the week.
The Lions put into practice in
ayday life what their several re-
ons teach them. They do not
ach—they practice."
Demands from cities in the United
tes for organizations of Lions
bs were so great, Cameron con-
ided, that more pressure will be
nedately satisfied.

10 Men Sleeping In Lumber Yard Held Up, Lose \$50

MODESTO, July 26.—Two holdup
men, both heavily armed and
wearing handkerchiefs over the
lower part of their faces, early today
awoke ten men sleeping in the Mo-
desto Lumber company yard at
Ninth and G streets and lining the
men up relieved them of \$50.
One of the men handled a re-
volver while the other went through
the pockets of the victims.

Suspect Held for Murder of His Stepdaughter

Finding of Body of 12-Year
Girl in Irrigation Ditch
Leads To Arrest.

SILOAM CITY, Iowa, July 26.—
Suspected of having murdered his
12-year-old stepdaughter, Harry
Vernon Hill, alias Thomas Campbell,
of Pawnee City, Okla., was arrested
here today by a Colorado deputy
sheriff as he stepped into the post-
office to claim a suit case he had
mailed from Denver. The motive of
the suspected murder is unknown.
The body of the girl was found in
an irrigation ditch near Derby, Colo.

Two Auto Collision Victims Are Dying

Details of the automobile accident
in which a woman was
killed and two others probably
fatally injured, were still unknown
today as two of the victims, Patrol-
man A. H. Nelson of the Oakland
police department, and H. G. Neilson,
an Alameda fireman, lie at death's
door, unconscious, at local hospitals.
Little hope was held at the hospitals
today by physicians for the recovery
of either of the two men. Mrs. Nel-
son, it is believed, will live.
From the emergency hospital, fol-
lowing the accident, Nelson and his
wife were moved to the Merritt hos-
pital, and Neilson was taken to the
county institution.
The accident occurred at East
Fourteenth street and One Hundred
and Fourth avenue shortly after
midnight, when the machine in
which Neilson and Nelson and their
wives were riding was struck by a
heavy automobile truck driven by a
Japanese. According to attendants
at the hospital, Neilson gave evi-
dence of having been under the in-
fluence of liquor. He was driving
the car.

Officer Exonerated Of Killing Burglar

MODESTO, July 26.—A cornerer's
y exonerated Night Watchman
gar S. Sherman, Turlock officer,
o last night, when he shot and
o young burglar, who was at-
tempted to rob the Union hotel at
Jack. Marquez fled from the at-
tempt to enter several rooms. He
used to head Sherman's command
alt. Sherman is a young Turlock
n, born and reared in that city.
bears a splendid reputation.

oman Pioneer of Susanville Dies

SUSANVILLE, July 26.—Mrs.
an Roop Arnold, daughter of
o K. Roop, the first governor of
ada, who founded this city and
med it for her, is dead here fol-
ing an illness of several weeks.
The city was founded in 1853, Roop
ablishing a trading post on the
migrant route from Idaho to
mboldt. Mrs. Arnold was the
ther of eight children, three of
om are dead.

WIFE, SON, SELF SHOT TO DEATH BY JEALOUS MAN

Another Son of Martinez Resi-
dent Wounded; Tragedy
Occurs Near Modesto.

MODESTO, July 26.—William
T. Pinnell, aged 45, an employee of
the Associated Oil Company at Avon
and residing at Martinez, shot and
killed his wife, Virgie D. Pinnell,
aged 23, his five-year-old son, Elton
T., and seriously wounded his two-
year-old son, William, at Grayson, 20
miles northwest of here, shortly
after noon yesterday.
Mrs. Pinnell was shot in the breast
and right arm, the latter bullet
breaking a wrist watch she wore.
Elton T. Pinnell was shot through the
heart, William was shot in the groin,
while Pinnell sent two bullets
through his heart.

Following the shooting Pinnell
fell to the floor of the porch and
attempted to reload his gun, but was
seized by a Mrs. Brown and his
mother-in-law, Mrs. J. P. Long, and
both his feet and hands were tied.
for but a few minutes later, Mrs.
Brown then picked up William
Pinnell and jumping into a passing
automobile, she hurried to the Evans
hospital there, where the boy is re-
ported as having a fair chance for
life.

In Pinnell's pocket, stained with
blood, was found the following
note:
"I hereby agree to stand out for
my rights. I hate to do it. This
girl has been untrue to me. I have
two sweet little boys. I cannot take
my life and leave my babies with
that crowd. Well, I can't write. I
sure would like to leave a long let-
ter but I can't stand to write. Well,
to Martinez to my friends and all, I
hope you all good luck can have. I
went out to see my babies. Mr. and
Mrs. J. P. Long, they don't want me
to take them to town to buy them
clothes. Want to treat me like a
dog. I am sure willing to pay to
take care of the little ones, but I
will not let Long take them. Well,
I can't write, so good-bye to all."
Carl W. Shannon, coroner of Stan-
islaus county, held the inquest at the
scene of the shooting, the jury bring-
ing in the following verdict:
"William T. Pinnell, 45 years old,
gunshot wound, suicidal intent;
Virgie D. Pinnell, 23, gunshot wound
by the hands of William T. Pinnell,
husband, murderous intent; Elton T.
Pinnell, 5 years old, gunshot wound
by hand of William T. Pinnell, father,
murderous intent."

Le Grand Young, Noted Lawyer, Dies

SALT LAKE CITY, July 26.—Le
Grand Young, friend of the late E.
H. Harriman and former attorney
of the Union Pacific, the Utah Cen-
tral and the Utah Southern railroads,
died at his summer home in Weber
Canyon, near here, at midnight. He
was the father of Joseph Hardy
Young, president of the Denver &
Rio Grande railroad, and of Le
Grand Young Jr., vice-president and
general manager of the Pacific &
Idaho Northern railroad, at Weiser,
Idaho. Other children live in Salt
Lake and Seattle. Young was born
at Nauvoo, Ill., in 1849, and crossed
the plains with his parents. His
father being Joseph Young, brother
of Brigham Young, in 1850.

ONE BILLION AND QUARTER IS PAID ON 1919 INCOMES

Report of U. S. Shows More
Than Five Million On
Returns.

WASHINGTON, July 26.—The gov-
ernment obtained \$1,269,000,000 from
personal income taxes in 1919, an in-
crease of \$115,000,000 compared with
1918, a preliminary report of income

tax returns made public by Internal
Revenue Commissioner Blair says.
The commissioner's report showed
5,322,781 personal returns in 1919. A
growth of \$97,646 from 1918. The net
income reported were \$19,859,000,000,
an increase of \$2,934,000,000.
The average net income per return
for 1919 was \$3724.05, the average
amount of tax \$238.08, and the aver-
age tax rate 6.39 per cent.
There were filed:
Sixty-five returns of net income of
\$1,000,000 or more.
One hundred and eighty-nine of
\$500,000 to \$1,000,000.
Four hundred and twenty-five of
from \$300,000 to \$500,000.
One thousand eight hundred and
sixty-four of \$150,000 to \$300,000.
Two thousand nine hundred and
eighty-three of \$100,000 to \$150,000.
One thousand, three hundred and
twenty of \$50,000 to \$100,000.
Thirty-seven thousand, four hun-
dred and seventy-seven of \$25,000 to
\$50,000.
One hundred and sixty-two thou-

and, four hundred and eighty-five of
\$10,000 to \$25,000.
Four hundred and thirty-eight,
thousand, eight hundred and fifty-one
of \$5000 to \$10,000.
One million, one hundred and eighty-
thousand, four hundred and eighty-
eight of \$2000 to \$5000.
One million, five hundred and sixty-
nine thousand, seven hundred and
forty-one of \$2000 to \$3000.
One million, nine hundred and
twenty-four thousand, eight hundred
and seventy-two of \$1000 to \$2000.
New York filed \$2,446,341.75 net
income, or 17.31 per cent of the total
and the tax paid was \$399,792,351, or
21.49 per cent of the total. The next
largest number of returns filed by
states was from Pennsylvania.
The District of Columbia, second in
the percentage of population, re-
ported the highest per capita net in-
come, \$286.27. Its average net in-
come per return, however, \$2838.80, is
low. Only two states, Montana with
an aver. \$2 net income per return of
\$2544.66; Nevada, with \$2350.83 and

the territory of Alaska, with \$2000,
were lower in this respect. Alaska,
however, reported the highest per-
centage of population filing returns,
17.17 per cent, with a per capita net
income of \$343.58, the second highest.

IRRIGATION SURVEY VOTED.
YREKA, July 26.—Residents of
Shasta Valley voted \$44 to \$7 in
favor of a preliminary survey for
the Klamath-Shasta Valley irri-
gation project.

FARMER GORED BY BULL SAVED BY SMALL DOG

HARRISBURG, Ill., July 26.—Knocked down and gored so badly by a bull that he became uncon-

scious, Loy Barter, 23, farmer, probably owes his life to a small fox terrier which drove off the bull, biting it so severely that it was necessary to call a veterinary. Barter suffered a broken jaw and two broken ribs. The dog was uninjured.

Capwells

OAKLAND

Just In!

Suitable for women and misses. Very clever for college and street wear. Come in and see them.

(Second Floor, Capwells)

INSURANCE AGENT HELD AS CHIEF IN ALCOHOL HOLD-UP

William F. Burke of S. F. Is Arrested At Irvington, Taken To San Jose.

Arrest of William F. Burke San Francisco insurance collector, who is alleged to have engineered the supposed holdup last Saturday night near San Jose, when twelve barrels of grain alcohol, valued at \$12,000, were stolen after H. S. Spaulding, San Francisco was declared to have been beaten, bound and gagged, was made today at Irvington by Deputy Sheriff Edward Raymond. Burke was arrested at a garage there just as he was preparing to drive his car from the establishment. In the car with him were his wife and two infant children.

His wife knew nothing of his alleged crime, according to Raymond, and she began to weep bitterly when told that her husband was under arrest charged with grand larceny by Sheriff John Lyle of Santa Clara county. Despite his wife's pleas to declare himself innocent, according to witnesses of the arrest, Burke was taken to the county jail in San Jose.

THREE IN CUSTODY. With Burke, the declared ringleader, the three men who are alleged to have perpetrated the holdup—Burke, Spaulding and J. J. Benson of Mountain View—are in the county jail charged with grand larceny.

Detectives in San Francisco today declared they had found what they believed to be the missing barrels of alcohol in a cold storage warehouse in San Francisco. Upon investigation it was found, according to Captain of Detectives Duncan Matheson, that the barrels contained straw and not alcohol.

BURKE IS ACCUSED. According to Spaulding, who is reported to have confessed yesterday, it was Burke who engineered the deal and offered him \$3,000 if he would take part in it. Spaulding said that Burke formulated plans for the holdup several days before and that his cuts and bruises had been inflicted by himself. He said he was tied and gagged by Burke and Benson, however. He had no knowledge of the missing alcohol. Spaulding said he lives at 226 Fulton street, San Francisco.

Princess With Ring In Nose Sees Harding WASHINGTON, July 26.—Princess Fatima, sultana of Afghanistan, who has attracted unusual attention during her visit to this country because of a white sapphire set in the right side of her nose, was received at the White House yesterday by President Harding.

The princess and her two sons were dressed in native costume and were accompanied by an American naval officer detailed as interpreter. Harding's military and naval aides were present.

The ceremony was carried out with all the formality customarily attending the visit here of distinguished foreigners.

Big Tasks Face U. C. in '21, Says Prexy Barrows

University Head in Message To Summer Students Outlines Year's Program.

BERKELEY, July 26.—That the coming year at the University of California promises to be one of the most important in the history of the institution was the message today of President David P. Barrows extended to summer session students following a return from a summer outing in the mountains.

The president will be the speaker at 11 o'clock tomorrow morning at the university meeting to be held in Harmon Gymnasium. His subject will be "The University of California." Following is President Barrows' message in which he outlines plans for the university.

The coming year promises to be an important one for the university. Plans for the erection of several notable buildings—Henry Morse Stephens Memorial Hall, the new physics building for which the legislature appropriated half a million dollars, and Hayward Hall, which will be the home of the School of Education, and the center of the state's teaching profession in the state. Plans for the great stadium are being carefully but earnestly considered and will be announced early in the academic year.

Through the appropriations of the last Legislature the University has begun to mean for building up its facilities and resources. Many additional teachers are needed and among those to be added we hope to have many of our own.

"The University," the greatest public institution of the State, is at all times interested in every educational activity of the State and in every private work of the institution. Its full usefulness can be realized only by bonds of confidence and support with all schools and colleges in the State which are working for a better and wiser society."

TWO CUB BEARS ARE OFFERED WHITE HOUSE

EPHRAITA, Wash., July 26.—President Harding today was offered a pair of cub bears as an addition to the White House menagerie. W. E. Southern, an attorney of this city telegraphed the President that he is preparing to ship a pair of beautiful cub bears for Laddie Day to practice on.

The bears are a token of Southern's appreciation he said for the President's interest in Senate Bill 203, a reclamation measure.

They have been named "Mr. Southern" and "Mr. Arid West." Mr. Southern announced.

Albers Stricken; May Get Freedom

PORTLAND, Ore., July 26.—Reports that J. Henry Albers, prominent Portland capitalist convicted of violation of the espionage act, whose conviction was recently set aside by the United States Supreme Court and a new trial ordered, was totally blind and paralyzed on the left side were confirmed by Dr. Joseph F. Wood, government physician, according to an announcement by United States District Attorney Lester W. Humphreys today.

Humphreys said he would transmit the doctor's report to Attorney General Daugherty at Washington, D. C., with a request for postponement of the retrial. Should Albers' disability prove permanent, said the district attorney, dismissal of the charges would be asked.

Indians Prepare For Annual Snake Dance

PASADENA, July 26.—The Hopi Indians, on the Hopi reservation in Arizona, are making preparations for their annual snake dance according to W. R. Flynn, of the Santa Fe railroad, who has just returned from Arizona. The greatest secrecy about the exact date of the dance and celebrated performance is being maintained, according to Flynn. The Hopi are anxious not to have an overabundant supply of tourists on hand to view their sacred rights.

Although it is known that the dance will take place sometime between August 15 and August 25, the Indians are closely guarding the secret of just which day is chosen for the sacred festival.

Turks, Defeated, Have New Capital

LONDON, July 26.—The Turkish Nationalist government, owing to the successful Greek advances in Asia Minor, has been obliged to transfer the seat of its government and the Turkish Nationalist to Smyrna, according to Constantinople dispatches to the Exchange Telegraph company.

ATHENS, July 26.—An announcement by the Greek official agency late yesterday said the Turkish losses in killed, wounded, prisoners and missing amount to 75 per cent of their entire fighting strength in Asia Minor.

Millions in Liberty Bonds Are Retired

WASHINGTON, July 26.—Repayments of \$70,000,000 by foreign governments on the principal obligations to this country was used by the treasury to retire \$77,427,300 face amount of Liberty bonds during the last fiscal year, Secretary Mellon announced. The foreign repayment, Mellon explained, included \$20,517,634 from the British government.

DRIVER HELD FOR TRIAL

EARL M. Sprout was held to answer in the superior court this morning by Police Judge Tyrrell on a charge of driving an automobile while intoxicated. He was arrested on June 29 by Police Inspector Smith at Twenty-second and Harrison streets, after he had collided with an automobile driven by Mrs. T. W. Simpson, 2903 Forrest avenue. His bail was set at \$1,000.

THREE SHOTS HEARD. ALAMEDA, July 26.—Three shots early this morning are puzzling the police and the residents of the neighborhood of Walnut street. The shots were heard by a number of people. A search of the neighborhood by citizens and Policeman Coffman failed to locate the source of the shooting.

NEW ARCHBISHOP NAMED. ROME, July 26 (by the Associated Press).—The Pope has appointed Bishop Michael J. Curley of St. Augustine archbishop of Baltimore.

NATION WIDE QUIZ OF PAROLE PLAN TO BE INITIATED

Half of Funds Necessary Will Be Provided By Carnegie Institute.

BERKELEY, July 26.—An investigation of the parole and probation system of the country will be instituted by the American Institute of Criminal Law and Criminology, aided by the Carnegie Institute, according to information received today by Chief of Police August Vollmer from Robert H. Gault, secretary of the former organization.

Ten thousand dollars per year has been pledged for the work by the Carnegie Institute, provided an equal amount is furnished by the Institute of Criminal Law and Criminology. Under the plans of the institute California will be called on to contribute \$100,000 annually for the work.

The American Institute of Criminal Law and Criminology, in explaining the purpose of the work, declares that the record of criminal proceedings are so imperfect in respect to important elements of the crime problem that necessary facts are in no way obtainable. A national clearing house for crime statistics is the ultimate aim of the two bodies planning this work.

Judge Hugo Lum of the superior court of Chicago is president of the American Institute, while John H. Wigmore, chairman of the executive board is dean of the law school in Northwestern university.

DENBY WILL ASK \$30,000,000 FOR AIRPLANE CARRIER

Result of Recent Tests Convince Secretary Future Fighting To Be in Air.

WASHINGTON, July 26.—Recommendation that approximately thirty million dollars be appropriated for construction of an airplane carrier will be made to Congress Secretary Denby announced yesterday. A measure embodying such a proposal is pending before the House naval committee and it is understood that the naval secretary will urge its speedy enactment.

Secretary Denby said he had decided on his recommendation even before the bombing tests, but that the results of the test had convinced him that the navy needed more airplane carriers.

Senator King addressing the Senate said that the bombing tests had demonstrated that too much importance had been attached to capital ships and too little attention devoted to aircraft and submarines.

Secretary Denby indicated that in his opinion it would be wise to construct a fleet of aircraft carriers, one of the Atlantic fleet and the other for the Pacific.

Construction of battleships of the south coast type is a means of finding off aerial bombs should be studied, Senator King said.

Secretary Denby would get rid of some of the old battleships in the construction program, he added, he would do a great service for our country.

TEXAS OIL FIRE QUELLED. BEAUMONT, Tex., July 26.—Fire caused by lightning and which had been burning since Friday at the Southern Oil Company's plant near here, virtually had been extinguished yesterday by the use of chemical foam. Four large tanks of oil were destroyed, causing a loss in excess of one million dollars.

Annual Sale All During July

A new shipment of LEATHER PURSES has just come in for our July sales, and, while they were very reasonably priced originally, we are allowing a discount of 10%.

At \$5.25, \$8.95 and \$11.45 these beautiful leather bags were a real bargain. The DISCOUNT OF 10% reduce these prices considerably.

If you have been wanting a new, fashionable, very high-class leather bag or purse, in dark shades, come in now and see our bargains. You will be surprised and pleased. ONE VERY POPULAR STYLE has been sold during the early months at \$6.95, but, at the beginning of our sale, we marked our stock at \$4.95, less 10%.

These clever little bags are in light gray and soft rich brown leather of a suede-like texture. You won't want to resist their charm when you see them and know they cost only \$4.45 NET.

LABOR FIGHTS TO KEEP COOLIES OUT OF HAWAII

Proposed Legislation De-
nounced As Plot To Bring
Chinese Workers Here.

WASHINGTON, July 26.—Efforts to pass legislation permitting the importation of Chinese coolies into Hawaii is a "conspiracy" that has behind it their "eventual admission into the United States," the executive committee of the American Federation of Labor charged in a report made public today.

Representatives of the sugar interests of Hawaii, the report said, have addressed sugar men of this country not to interfere with the enactment of a law permitting Chinese coolies into Hawaii.

"It is the entering wedge; if we get them, you will have no trouble to get them into the United States," the report said was the actual wording of a statement made to sugar men in America.

"Admission under bond of fifty

Campaign to Boost Bay Region to Be Mapped Out

Plans were put under way today for a joint meeting of Alameda county and San Francisco advertising boosters, under the auspices of the Alameda county advertising committee. August 5 was tentatively announced as the date by Chairman J. C. Downey and the assembly room of the Merchants' Exchange as the place. The program has been placed in charge of Harry G. Williams, city assessor.

Invitations will be sent to all organizations in the county interested in the national advertising campaign, and the leaders of the B-B organization in San Francisco have promised to attend.

PLANS FOR FUNDS.
Petitions requesting the supervisors and the Oakland City Council to make appropriations are being numerous signed, according to reports received at the headquarters of the county committee. These petitions ask the county to set aside \$25,000 and the city \$10,500. The rest of the \$35,000 fund will be raised by contributions from the various municipalities of the county and from public-spirited organizations.

The Uptown Association, whose secretary, George B. Sheldon, recently protested the appropriation to the supervisors, is now on record in favor of the advertising plan. The following statement in this regard was issued:

"At a meeting of the executive committee of the Uptown Association last Friday, the directors went on record in favor of endorsing the request of the Alameda county advertising committee for an appropriation of \$25,000 from the county and \$10,500 from the city of Oakland, in order to carry out an advertising campaign for Alameda county."

"The advertising campaign is to be carried on by some twenty-six organizations in Alameda county, and, as explained to the directors at the meeting, all money requested from the city and county officials is to be spent on advertising, none of which is to go for salaries."

Later today was appointed a committee of one to appear before the officials, with other representatives from the various civic organizations, and request the appropriation.

The Oakland Advertising Club is among the organizations which recently have endorsed the advertising campaign, and its members have signed the petition to the supervisors and the Oakland City Council.

Park Rangers Will Learn Auto Repairing

All the forest rangers in the service in Yosemite National park are to be given three weeks' training in the government garage with a view to giving them the necessary information concerning the structure of the automobile to make minor repairs for stranded motorists. It was announced today by Superintendent Lewis. While they are not expected to become first-class mechanics within the three weeks, Lewis hopes that they will learn enough in the time to contribute to the "well" of luckless motorists in the park.

POSTMASTER ACCUSED.
SEATTLE, July 26.—Christian Hansen, postmaster at Kirkland, a small town near here, was arrested yesterday on a federal complaint charging him with embezzling \$2303 of postoffice funds.

Tailor in Ill Health Attempts Suicide

SAN FRANCISCO, July 26.—In a complete state of nervous collapse and worn out from lack of sleep covering a period of six months, Gustave Brockman, a tailor, 25, attempted suicide today by swallowing bi-chloride of mercury and slashing his throat. His father, Joseph Brockman, also a tailor, discovered him soon after and hurried him to the Central Emergency hospital where an antidote was administered and his wounds dressed. The surgeons say he has a good chance of recovery.

ARGENTINE EDITOR DIES.
BUENOS AIRES, July 25.—Dr. Jose A. Cortesarena, founder and publisher of La Razon here, is dead. He was a member of The Associated Press for La Razon, the largest afternoon newspaper in South America.

Theosophists Open Congress At Paris

PARIS, July 26 (by the Associated Press).—The first world's congress of the Theosophical Society commenced a four-day meeting here today.

The congress, under the presidency of Mrs. Annie Besant, the noted writer, was devoted largely to discussion of the best method of educating the youth of the world.

Thirty-four nations were represented, the delegates including many from Germany who spoke their own language freely. The French delegates mingled with their former enemies in conformity with the theosophical idea of brotherhood.

The American delegates included a P. Washington, Max Wardell and Mrs. Marie Pouz of California. Also Knudsen of Honolulu and Mrs. Elizabeth Bartlett of Chicago. The delegates numbered 1400.

Judge Reed Stewart, Chicago, Dies in S. F.

SAN FRANCISCO, July 26.—Hugh Reed Stewart, judge of the Chicago municipal court and a well-known jurist of Illinois, died at the Palace hotel, following an attack of pneumonia. Judge Stewart and George Hilton, a Chicago artist, completing a tour of Yellowstone park and the northwest, arrived a few days ago in San Francisco to visit friends.

Judge Stewart, complaining of illness, postponed calling in a physician. A brother is en route to the coast to take charge of the funeral arrangements.

Judge Stewart has been a member of the Chicago bench for twelve years and passed judgment upon some notable cases. He was an arbitrator in the recent garment workers' strike. The jurist was a past potentate of the Shrine. He was well-known as a portrait painter.

Russ Soviet Claims \$179,000,000 in U. S.

NEW YORK, July 26.—The Russian soviet government has served notice on four New York and two Washington banks that it is owner of more than \$179,000,000 deposited in these institutions by Boris Bakmeteff, who was appointed Russian ambassador to the United States before the soviet was acquired control.

In making this announcement this morning, Charles Hecht, attorney for the soviet regime, said the notice sent to the bank warned them they would be held liable if they should pay the funds to any one but an accredited representative of the soviet government. The banks are the National City bank, the Guaranty Trust company, the Bankers' Trust company and the Second National bank of this city, and the Dupont National bank and the Riggs National bank of Washington.

LITHUANIA OPEN FOR U. S. MAIL

Package mail for a list of eighteen cities in central Lithuania hereafter will go from New York to Danzig and will be transmitted through Poland to Lithuania, according to an announcement today by Postmaster Joseph J. Hoshorrough. He says such packages should be plainly marked "Lithuania via Poland" as part of their address.

The cities to which mail should be addressed in this manner are: Wilno, Oszmiana, Swieciany, North Swieciany, Podgodzie, Grodki, Nowa Wiejska, Ignalino, Worniany, Lanowos, Lyntupys, Swir, Ruziskis, Soly, Mejszagola, Niemenczyn, Komarje, and Holuczki.

Hoshorrough also announces that arrangements have been made by the Federal Postoffice department for the transmission of parcel post packages up to 11 pounds in weight to the Straits Settlements and the Federated Malay States.

Canada's Veterans Turn To Farming

OTTAWA, Ont., July 26.—If Canada's soldier-farmers were to pool their holdings, they would have one giant farm of 5,000,000 acres, dotted with grain fields, cattle herds, patches of fruit trees, silos and many sturdy houses and farm buildings.

Population of this one big figurative farm, according to the report of the work of the Soldier Settlement Board, would be more than 125,000, estimating an average family of five to each settler.

The actual number of ex-service men who have been placed on land through government aid is 25,443. Short courses have been held in idle months and all phases of mixed farming, scientific dairying and purebred cattle raising given intensive study, according to the report. Experts have been sent into many districts to provide continuous supervision.

As a result of the aid, financial and educational, a very high percentage of the men are becoming successful farmers, the report says.

Milliken Funeral Set For Tomorrow

Funeral services for Mrs. Clara F. Milliken, widow of Frank C. Milliken, who was responsible for laying out Sutter park, will be held tomorrow morning from an East Oakland chapel. Mrs. Milliken has been a resident of the city for more than half a century. Her husband was a pioneer contractor.

Born in Surrey, Me., Mrs. Milliken as a young woman came to California by way of the Isthmus of Panama. She was 84 years old. Mrs. C. M. Farley, 1630 Wellington avenue, at whose home she died, was her only daughter. She is survived by three grandchildren. They are: Frank C. and Harold B. Farley, and Mrs. A. G. Stoll.

Market Is Closed For Day For Overcharging

The market of F. James & Co., Inc., has had its fish license suspended by Harry S. Maddox, State Market Director, for a period of one day, Friday, July 29, because of overcharging on fish.

This action was taken after a regular hearing at the office of the State Fish Exchange on July 18. Maddox states that this is the fourth offense of overcharging by this market.

Accused of Stealing Typewriters and Auto

MODESTO, Cal., July 26.—A couple alleged to have stolen so many typewriters that they had to steal an automobile to carry them away has been arrested at Burbank, according to word received today by Sheriff Dallas. The auto was stolen from A. L. Anderson of Turlock, Dallas was informed. The couple had seventeen typewriters in the car.

Couple in New York Married By Contract

NEW YORK, July 26.—The marriage by contract of Dr. Leslie Spier, professor of anthropology at the University of Washington, who now is teaching at the Columbia University summer school, to Miss Brna Gunther, of Brooklyn, was announced today. The acceptance of signatures to a marriage contract before Justice McCook, constituted the ceremony. Such marriages are legal under a New York statute.

CENTRAL LABOR COUNCIL REFERS PLEA FOR STRIKE

Request For Action On Plan
For General Walk-Out Sent
To Executive Board.

An attempt to have the Central Labor Council of Alameda county endorse the plan for general strike of all labor unions throughout the bay district, as an expression of dissatisfaction on the part of radical labor leaders over the settlement of the building trades trouble, was made last night at the meeting of the council in the Oakland Labor Temple, Eleventh and Franklin streets.

Headed by Norman H. Tallentire of Carpenters' Union Local 32, who first proposed the general strike at a meeting of building trades union leaders in San Francisco on Thursday morning, a committee of union men appeared at the council meeting last night and asked for permission to explain their general strike plan to that body.

Permission was refused. The committee then asked permission to present the plan to the council at some future time and the council, by resolution, referred the matter to the executive board of the Central Labor Council. The executive board is headed by Stanton Lorr, chairman, and will meet Thursday evening. Tallentire said he would have his committee present the general strike plan at the meeting this week.

FOR LABOR POLICE.
The strike committee appointed by the conference met in conference today with a similar body from the Building Trades Council and it was unanimously agreed to provide a "labor police force" of 500 members, and a committee to establish such force, to consist as far as possible of former service men, was selected.

The executive committee of the San Francisco Labor Council will meet all week discussing the proposed strike from all angles. The appeal for a general strike was presented to the Labor Council for endorsement but according to information given out by various labor leaders the committee will make a recommendation adverse to the request.

Man Shot and Killed In Resisting Arrest

SAN DIEGO, July 26.—A man believed to be R. M. Campbell, 1080 South Figueroa street, Los Angeles, was shot and killed when he resisted arrest here today. Detective Sergeant McCollum shot the man while trying to serve a telegraphic warrant for his arrest from Denver. He had been living here as J. I. Fitzell and he is alleged to have endeavored to impersonate J. A. Fitzwell of La Jolla in asking at the local telegraph office for funds wired to the latter from Denver.

The name Campbell was found on an auto club membership card in his pocket.

Financial Probe Of Garbage Co. Asked

BERKELEY, July 26.—A petition signed by more than a dozen residents led by P. C. Mills and R. J. Graham, asking that a committee of bankers be appointed to investigate the financial standing of a private garbage collecting company, was filed with the council this morning. The petitioners opposed to the municipal garbage collection system, suggested that the following local bankers be appointed to the investigation: F. L. Naylor, Ira A. Morris, Jo S. Mills, B. F. Lynde.

Wealthy L. A. Widow To Marry Again

LOS ANGELES, July 26.—Announcement was made here that Mrs. Emily Jarvis Earl of Los Angeles and William Eric Fowler of Washington, D. C., would be married here Wednesday by Right Rev. William Stevens, bishop coadjutor of the Protestant Episcopal church. Their subsequent plans were not announced. Mrs. Earl is the widow of Edwin T. Earl, former publisher of the Los Angeles Express, and is heavily interested in that paper. She is reputed to be one of the wealthiest women in California.

APPLE, PEAR CROP LARGE.
PORTLAND, Ore., July 26.—Apples and pears will yield so heavily this season in Regus river and Umpqua valleys that between sixteen hundred and eighteen hundred cars will be moved to market, J. A. Ormandy, assistant general passenger agent of the Southern Pacific lines in Oregon stated yesterday.

POPE HOLDS RECEPTION.
ROME, July 26.—The Benedict received the members of the Sacred College yesterday, the occasion of his name-day. Cardinal Vanutelli, as dean of the college, presented greetings to his holiness who thanked the cardinal warmly for the good wishes expressed.

MAN SHUTS EYES AS PROTECTION FROM BURGLAR

ALAMEDA, July 26.—When I. M. Clough, 1621 San Antonio avenue, heard a burglar enter his home last night he kept his eyes shut. As a result the police have no clue as to the appearance of the intruder.

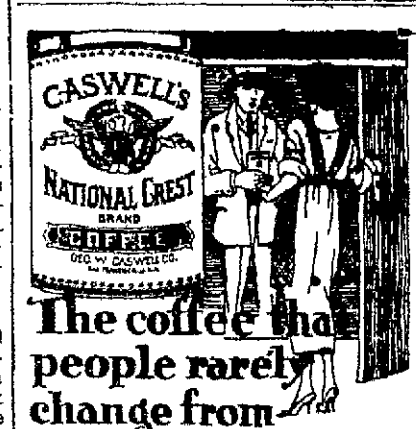

"I heard the man enter the house and come up the stairs," stated Clough to Sergeant Anderson early this morning. "I feared that if he saw me looking at him he would do me some harm, so I kept my eyes shut as tight as I could until he left. He came right up the stairs and then into my room."

A search made by Policemen M. E. Palmer and Clough failed to reveal anything taken. Palmer is at a loss to discover how entrance may have been gained, as all doors, windows and other sources of entrance were found securely fastened.

"Trusty" in City

Jail Among Missing
Nelson Littlejohn, a "trusty" in the city prison, escaped this morning from the printing office by taking the main elevator and going out the Washington street entrance of the City Hall. He was arrested on April 28 at 768 Tenth street on a charge of vagrancy by Police Inspectors Peter Van Houtte and Con Keefe. He was sentenced to four months in the city prison by Police Judge Mortimer Smith.

SLAYER DECLARED INSANE.
SAN FRANCISCO, July 26.—Guiseppe Rizzo, 50 years old, who shot and killed a woman and wounded a man at 1037 Clay street, early this month, was adjudged insane by the Board of Insanity Commissioners today and will be committed to an asylum.

Coal is cheaper here but can't be cheaper

Prices on coal are lower around San Francisco Bay than anywhere else in this region. This is because we get the benefit of terminal freight rates.

But, while the Coal Dealers cannot accurately predict prices, it is not believed that they can be any lower this year.

The present mine wage agreements do not expire until March 31, 1922. It is not believed that the Interstate Commerce Commission will permit the railroads to make a lower rate on coal to California, for coal isn't an absolute necessity with us as it is with Eastern people. The Commission will probably take the stand that the railroads, which are having a time to meet expenses, need the revenue.

In buying coal, remember that the commodity price is only a part of what you pay for. You also pay for service—and service costs more when the demand exceeds the supply—when weather conditions make it more expensive.

The Coal Dealers have reduced the price \$1.00 a ton on coal bought now for immediate delivery.

Take advantage. It's better to be safe than sorry.

Killing Declared To Be German Revenge
MEXICO CITY, July 25.—The recent assassination in front of his home of General Maximiliano Kloss is believed by the police here to have been the work of a German who was sent to Mexico to avenge the publication by Kloss of alleged German military secrets.
Kloss recently published a book on asphyxiating gas, and it is said that a group in Germany decried his death as the result.
General Kloss during the Carranza regime was head of the artillery department and had seen much active service.

SMITH, the Live Wire Grocer and Coffee King
the man that knows how and will blend coffee to suit the most delicate taste. My coffee business is increasing beyond my most sanguine expectations. Why? QUALITY. The outer covering of the coffee berry is a tough hull; under this is a bulky material with an inside thin skin. The two beans lie in the cherry with the flat faces together and are each covered with a delicate parchment. To remove all these coverings, after being dried, it is repeatedly run through fanning and hulling machines which remove the hulls, pulp, skins, sticks, leaves and dirt, and complete the finished green product.
Specials for Wednesday—3 lbs. of Coffee at 33¢ per lb. you may buy 10 lbs. Sugar at 5¢ per lb.; 2 lbs. Coffee at 33¢, 5 lbs. Sugar at 3¢ per lb.; with 1 lb. of Coffee at 33¢ you may buy 17 lbs. Sugar for \$1.00. Sugar is very firm and advancing. 49-lb. sack Flour, \$2.20. Fancy Creamery Butter, Queen's Taste, 46¢. Another heavy shipment Cream of Cream Cheese. The axe is out, we cut to the bone, come and see. Goods delivered when reasonable amount is ordered.

Women Have Equal Rights With Men
ALBANY CITY, July 26.—They have equal rights with the men. The beach isn't a drawing room, anyway. Thus decided Beach Surgeon Charles Bossert, czar of the Atlantic City strand, when the case of three women clad in almost one-piece bathing suits was put to him by Beach Policeman Westcott. The three were sitting on top of pilings in the water smoking briar pipes.

25,000,000 Starving in Volga Section of Russia
By EDWIN HULLINGER, United Press Staff Correspondent.
PARIS, July 26.—Famine is depopulating Russia by thousands daily, according to Paul Millukoff, leader of Russian Constitutional Democrats here.
Millukoff told the United Press today that private information showed one portion of Russia, larger than France and Germany combined, was being converted into a huge cemetery. In that one section, lying along the Volga, 25,000,000 persons are starving, he declared.
Only quick action by relief commissions can prevent the mortality totals from reaching staggering figures, he said.
Millukoff pictured thousands weakened by hunger, lying in filthy huts awaiting death.
Most of the animals have been killed and used for food, he asserted. Fields have been combed for the last grain. A merciless sun has been beating down taking away the hope of fair crops this fall.
The vast Russian steppes, once swarming with Asiatic invaders, are again covered with moving hordes, he said. These Russians are emigrating in the hope of finding food.
Wagons and carts, some covered by dingy canopies of sackcloth to protect the starving ones within, creak along hot and dusty roads in caravans, the plodding figures which lead the bony horses being led on by the mirage of food.
Conflicting reports travel like lightning through the weary bands. Word comes that food is being distributed in India and long lines swing off toward the southeast.
Another rumor comes that great supplies of food now are available in Moscow and the stumbling drivers turn their rickety animals to the north and west. Hundreds daily cross the frontier into countries scarcely able to care for their own people.
Death is an hourly occurrence in these caravans of misery. Those who fall are buried by the roadside. Even the mothers, worn by fatigue and hunger, look on with apathy as their children are laid in shallow graves.
Millukoff's reports said that only one-fifth of the usual wheat acreage was planted this year and most of that was ruined by the great drought.

THE lowly and ever-present ham sandwich is changed to a delectable dainty by adding just a morsel of Jevne's Mayonnaise.
The added zest of Jevne's emphasizes the alluring flavor of the ham and makes the sandwich luscious and appetizing.

Paving Inspector Charles Ott Dies
Charles Ott, for twenty years an employee of the Oakland city street department, died yesterday at Fabiola Hospital following an attack of heart and kidney trouble. Ott, who was 65 years old, was a native of San Francisco. He is survived by a widow and two sons.
In March, 1898, he was made deputy superintendent of streets. In February, 1900, he was made superintendent of streets and in June, 1907, he was made chief city paving inspector, the position which he still held. He was a prominent member of local Masonic bodies and well known in Oakland.
If you see it in The TRIBUNE tell them so.

Congress To Dispose Of Tariff, Tax Laws
WASHINGTON, July 25.—There will be no adjournment of Congress until tariff and tax revision legislation is disposed of, Republican Leader Mondell of Wyoming declared today after a conference with President Harding at the White House. Mondell said that the President was in favor of a continuous session pending the disposition of tariff and changes in the internal revenue laws, and made the assertion that these matters would be disposed of by Congress before September.

BOOTLEG BOOZE DRIVES MEN MAD. DOCTOR ASSERTS

NEW YORK, July 25.—The stuff that sells for liquor has caused more insanity since prohibition was proclaimed in the United States than shell shock and kindred influences caused during the war, it was asserted yesterday by Dr. Perry M. Lichtenstein, resident physician at the Tombs.

He told a commission in lunacy, sitting in an assault case, that many cases of alcoholic insanity had come to his attention since prohibition. Poisonous substitutes absorbed by drinkers create a toxic condition which deadens and destroys the nervous system and produces alcoholic psychosis, he said.

He told a commission in lunacy, sitting in an assault case, that many cases of alcoholic insanity had come to his attention since prohibition. Poisonous substitutes absorbed by drinkers create a toxic condition which deadens and destroys the nervous system and produces alcoholic psychosis, he said.

A total of \$3,000,000 has been voted to four of the most strategically situated schools in Canada, to insure proper distribution of three hundred physicians which it is estimated will be needed each year.

NEW YORK, July 25.—A review of the work of the Rockefeller Foundation in 1920, made public yesterday showed that the organization extended its activities virtually to every quarter of the globe. The foundation brought to a close its participation in war-time emergency relief by giving a million dollars to European children. A million francs were appropriated for the Queen Elizabeth Foundation for Medical Research in Belgium, and an agreement was made.

A million francs were appropriated for the Queen Elizabeth Foundation for Medical Research in Belgium, and an agreement was made.

TRAINEES GIVEN TREATS GOING TO CAMP EDWARDS

Disabled War Veterans Receive Surprises On Way To Huntingdon Lake.

A pleasant reunion of "buddies" is recorded in a letter received in Oakland from F. Muir, former member of Company D, 14th Field Artillery, who is one of the Federal "trainees" now at the Federal Training School at Camp Edwards, Huntingdon Lake. Muir describes the trip, from the departure of the special train to the Federal "trainees" which left the city on July 3. The train, which carried disabled war veterans from Oakland, San Francisco and Berkeley.

The local detachment was joined at Fresno by the Los Angeles men, making a total of 170 in the party. They were met at the depot by the Federal Board Supervisor, Dewey, and vocational training in the Fresno local district office. Breakfast was furnished the trainees by the Red Cross chapter, presided over by Mrs. Earl E. Lindsay. Talks were given by Judge Carl E. Lindsay and Captain Bert Taylor of Post No. 1, American Legion, of Fresno. The response was made by Earl E. Brown, San Francisco Chapter No. 3, Disabled American Veterans of the World War.

GIVEN DELICACIES.
The men were next provided with individual lunches by the Knights of Pythias, Rainier cookies, candy, figs and other delicacies were also furnished by other organizations. Post No. 4, American Legion of Fresno, presented the men with a large American flag and the Lions Club of Fresno presented them with cigars and cigarettes.

The disabled veterans' school at Camp Edwards is run in conjunction with the Fresno State Normal School. It will occupy a period of six weeks, combining recreation with study. A doctor and nurse are in attendance. The men will be taught by the four instructors of the federal school. C. C. Dowd of the federal board is supervisor for Fresno. It is said that many of the federal trainees are enrolled, taking certain normal school studies.

AID IN INSTRUCTION.
Among those aiding in the instruction and training of the men the Elmer L. Shurrel, D. V. O., of the Twelfth District, and J. M. Dowd, supervisor of the San Francisco local office.

On July 13 flag raising ceremonies were held and an escort of disabled veterans, nurses and normal school students marched to the flag pole. Elmer Shurrel, D. V. O., of the Twelfth District, delivered an address.

Murder of Couple Is Still Unsolved

DES MOINES, July 25.—The murder of Thomas and Lena Peterson, which occurred northeast of this city nineteen years ago, is still an unsolved mystery. Wilbur Peterson, farmer of Blairsburg, Iowa, is not under arrest for the murder of his brother and sister as was reported here Saturday night, and according to Sheriff W. E. Rubb of Polk county, has not been implicated and was never arrested.

Disarming Parley Approved By Labor

WASHINGTON, July 25.—Samuel Gompers, president of the American Federation of Labor, writing in the

current number of the American Federationist, declares that "the invitation issued by President Harding to five of the great world powers to come together to discuss disarmament strikes a most responsive chord in the heart of labor."

"The trade union movement of America," adds Mr. Gompers, "hopes for the success of the conference, which, unless frustrated by some untoward event, seems certain to be held in Washington at an early date."

High Peak May Be Named For F. K. Lane

PACOMA, Wash., July 25.—(By AP.) Aitchison, Interstate Commerce Commissioner, after a visit to Rainier

national park, said he would appear before the National Geographic Board soon and urge that the name of Pinnacle peak in the park be changed to Lane peak for the late Franklin K. Lane.

CITY TO PROVIDE \$250,000 SHARE OF SCHOOL FUNDS

Board of Education Awaits Word From Supervisors To Arrange Budget.

The board of education will be allowed \$250,000 from the city budget for school purposes, or \$38,000 more than last year, according to a statement last night by Commissioner Baccus of the finance department when the board adopted a resolution to ask the city council and the supervisors for estimates of its allowance. "I can tell you right now," said Baccus. "You will get just \$250,000."

The city's quota of school revenues is augmented by the county and state moneys, which will give the \$300,000 or so which the schools demand. The educators asked about \$400,000 from the city.

The resolution of the board of education cites that where the tax levies must be fixed approximately two weeks after the opening of schools, the educators desire information by August 6 as to what revenues are forthcoming so that the schools may be opened on August 22. The answer of the board of supervisors on this question will come later.

BACCUS GETS BOUQUET

Baccus, retiring as an ex-officio member of the board of education, was given a vote of thanks and a bouquet of flowers. He will take charge of the street department August 1, when Commissioner Edwards becomes head of the finance department and ex-officio board member.

Bids for the plumbing and heating work for the girls' gymnasium at Technical High school were thrown out as the result of a protest that the winning bids were not accompanied by checks for ten per cent of their bids. The whole work will be re-advertised. The successful bidders were requested to make a check for \$500 for plumbing and \$741 for heating.

REQUISITIONS HELD UP

The board authorized the sale of an old house at 2721 Myrtle street at public auction.

Because of lack of financial provision, the board took no action regarding the petition from the Dewey school district for a ninth grade in that school. A primary grade at Leona Heights school was also held in abeyance for the same reason, as well as Franklin, Grant and Lacey annexes.

Clement Is Named Successor To Ott

Commissioner Edwards of the street department this morning announced the appointment of Deputy Superintendent Charles F. Clement as successor to Charles F. Ott, deceased.

Twenty years ago, when Ott was superintendent of streets, "Monty" Clement was city engineer. Since then both men have been associated in street department work.

"I feel it is fitting to have Ott's old friend in his position," says Edwards. "Both men have been associated in this work for years and Clement is thoroughly experienced and competent for the work."

Mexico To Return All Seized Property

NOGALES, Sonora, Mexico, July 25.—(United Press).—An order for the immediate return to owners of all property of whatever nature seized by the federal government during revolutionary disturbances was received here today over the signature of Secretary of the Treasury Adolfo de la Huerta.

The returns are to be made through the various branches of the treasury department, De la Huerta's order said.

What's Happening in the Motor World

by Jim Houlihan

"The Severin Motor Car Co. of California have its factory in Oakland completed by the latter part of November. It will be building motor cars by December 15 and its production capacity will be 20 completed automobiles every working day."

The above statement, made today by J. T. Severin, head of the California corporation, recently formed, outlines the intentions of the latest motor car maker who has selected Oakland as the site for his plant. A trainload of parts, stock and units which go into the assembly of the Severin will be shipped from Kansas City within the next month, and it will reach Oakland within sixty days.

Severin, prior to May of 1919, was a motor car distributor with business houses in Kansas City and Oklahoma City. In May of 1919, he started building automobiles in Kansas City and the output of cars under his name has averaged since that time about a car a day.

By concentrating the energies of his company on the Pacific coast and assembling a model which will be found best adaptable to the unusual geographical conditions of the far west, Severin is confident there will be an immediate and large market for his car.

The Severin has a number of standard units. Among them are the 20 Continental motor, one of the largest designed by this well known engine building corporation; Salisbury front and rear axles; Tinkler Rock bearings; Borg and Beck clutch; Wagner starting, lighting and ignition systems and honeycomb water radiator for cooling.

Going to the extent that they will be used by salesmen who are to be employed in building up a dealer organization.

The price of the car has been fixed at \$1855. War tax is extra and the net price to the consumer will figure somewhere around \$2050.

J. R. Elrod has been selected as sales manager of the California corporation and the balance of the personnel Severin will select from the San Francisco bay district.

The will of Anna M. Bluet, deceased, of property worth nearly \$70,000, was filed for probate today.

Mrs. Bluet died in Oakland on July 20, 1921. Ben F. Woolner is named executor with bond.

The bulk of the estate is bequeathed to three children. Mrs. Belle Benyon, 550 Washington street, Oakland; Mrs. Irene van de Kamp, 1320 Bond street, Alameda; and John F. Chapman, Tuolumne. Several grandchildren are also legatees.

The major portion of the estate consists of mining property at Tuolumne, which the executor is directed to sell at once.

Mrs. Belle Benyon is given real estate valued at \$7000 on Santa Rey avenue, Oakland, and a promissory note due the estate for \$1900.

Mrs. van de Kamp is given real estate on Josephine street, Berkeley, valued at \$4000.

J. F. Chapman is given \$10,000 from the share of the mining property.

S. F. PARK MANIAC SUSPECT PICKED UP IN MISSION

SAN FRANCISCO, July 24.—Identification of a patient at the Detention hospital as the alleged assailant of Mrs. Fred Smith, 339 Willard street, may mean that the maniac who spread terror among the residents of the Sunset and Park Presidio districts has been captured.

Charles Marsh, about 37 years old, picked up on Sunday by Patrolman W. P. Keane of the Mission street, was almost positively identified by Mrs. Smith today as the man who layd her in Golden Gate park, July 12, and beat her over the shoulders with a gas pipe.

Marsh was arrested on Mission street between Fourteenth and Fifteenth, after the police had been notified of his peculiar actions. He is described as of medium stature, dark complexion and in every way resembles the park maniac.

Detective Henry McGrath will endeavor to confirm the identification of Mrs. Smith and a search of Marsh's lodgings is in progress.

28 FAMILIES TO QUIT N. Y. FOR IDAHO COLONY

NEW YORK, July 25.—Brooklyn will be minus twenty-eight families next Thursday, when Wm. D. Scott leads his little band of prospective settlers on their arduous caravan like to Bull, Idaho. They drove lots at the Scott home for land locations today.

Scott's pretty daughter, Muriel, carried the caravan's mail bag. The twenty-eight families have had enough of town life. "We're off to a real country life," they said. Noon Thursday sees them on the trail.

Murder Case Witness Freed of Boy's Charge

Paquale Gillo, the star witness for the prosecution against Polynesian Charles Nightingale, who is charged with murder, was found not guilty this morning of a charge of battery which was preferred against him by Richard Truffa, a 17-year-old boy, by Police Judge Ralph Richmond.

Gillo was arrested July 11 following the fatal shooting of his cousin, Joseph Suppo by Policeman Nightingale. In Nightingale's report to Chief of Police James Drew he stated that he went to the home of S. H. Barbour, 710 Eighth street, to arrest Gillo and Suppo, who were alleged to have mistreated Truffa. Suppo was shot by the officer after he had attacked Nightingale. He died in the county hospital on July 12.

Officials Named Under Reorganization

SACRAMENTO, July 25.—(United Press).—A. B. Fletcher, present State highway engineer, will head the new department of public works, according to an announcement from the local office of Governor William D. Stephens.

Charles T. Lee, executive officer of the state water commission, will become chief of the water rights division of the department.

Wilbur F. McClure, state engineer, will become chief of the division of irrigation.

The appointments, or reappointments, are made under the new reorganization plan of the Governor which goes into effect Friday night.

ACCUSING WIFE IS ILL, HUSBAND AND WOMAN GO FREE

Charges Against Los Catos Rancher and Feminine Friend Dismissed.

SAN FRANCISCO, July 24.—The physical collapse of Mrs. Mary Frances Alexander of Los Catos, following the preferring of charges against her husband, William V. Los Catos, Alexander, local capitalist, and Mrs. Edith Prudhomme, resulted in their dismissal at the hands of Police Judge Daniel O'Brien today.

"I am physically unable to prosecute the case," was the text of a one-line message sent to the magistrate by Mrs. Alexander. It accompanied a letter from Mr. Prudhomme, of Los Catos to the effect that the woman was in such a nervous condition that she could not possibly appear in court and she had no idea when she would be well enough to make the journey to San Francisco.

Judge O'Brien announced that as he had previously stated that the prosecution was not ready to go ahead he would dismiss the case, he proceeded to do so at once.

"These are serious charges," said the magistrate and persons who make them should follow them up by appearing in court and appearing openly against the defendant.

Warrants were procured for Alexander and Mrs. Prudhomme following some private detective work on the part of the wife, who claims to have surprised them in a downtown apartment.

WIFE DIVORCED ON CROSS PLEA

Mrs. Leona Williams today was granted an interlocutory decree of divorce upon her cross-complaint to the divorce plea entered by Todd W. Williams before Superior Judge J. S. Williams. When he heard the case, Judge Williams said that the matter came up for hearing, and Judge S. Williams issued a bench warrant for him, after he had been in custody for several days.

The \$50 bail which Williams provided to free himself from jail on the charge of contempt was not accepted by Judge S. Williams. Williams also failed to show up in court this morning, and Mrs. Williams was granted a divorce by default.

Williams arrived out of breath, after the order had been signed.

"The Williams were married on September 1, 1919, and lived together on November 15 of that year after Mrs. Williams charged her husband with desertion. He had declared the face of another woman whom he said he loved before her." "like a half of fire."

REGULATION OF FRANCHISES TOLD

Provisions covering the granting of franchises are contained in charter sections made public today by the Board of Franchises. Section 10, 107, which reads: "Every franchise shall be granted upon the express condition that the city and county may, at a valuation fixed and determined as hereinafter provided, acquire by purchase and take over to itself the property used and useful of the franchise granted, his or its successors, and assigns, and upon giving notice of its intention to do so, the city and county may purchase and take over said property, which written notice shall be given only when authorized by ordinance of the Metropolitan Council."

The other provisions provide, among other things, for an examination of the books of the company operating under franchise, for the annual reports of the company so operating, and franchisees for railroads other than street, suburban or interurban railroads that it may be necessary to grant.

General Strike Is Proclaimed in Rome

ROME, July 26.—A general strike proclaimed by the extremist parties here as a protest against the recent outbreaks with Graciani and Montecitorio, in which numerous Communists and Fascists were killed, was begun this evening.

San Francisco News

Couple Married Two Days, Didn't Know About It

SAN FRANCISCO, July 25.—Dr. Carlos Hilarrio Molina, rich Guatemalan living at the Bellevue Hotel, and Martha Della Munoz, 1806 Pacific avenue, discovered recently that they had been married without their knowledge. They procured a marriage license at the city hall a few days ago. Neither understands English and when a city hall employee pointed them to Judge James M. Trout's chambers they went through the marriage ceremony under the impression that it was part of the ceremony of obtaining a license. Arrangements had been made for a big church wedding, when they discovered that they were already married. There have been numerous investigations in the past and it has been charged at different times that elevator men receive fees for leading couples to judges to be married.

Wife Says Mate SPENDS TIME BEFORE GLASS

SAN FRANCISCO, July 25.—Miss Grace Harrington is endeavoring to obtain a divorce from William B. Harrington, automobile salesman, who she alleges, spends too much time in front of the looking-glass paying himself pretty compliments.

Miss Harrington, who is also charged by Miss Harrington.

Twin Peaks Tunnel Can't Accommodate

SAN FRANCISCO, July 25.—The city engineers have presented a report to the Board of Supervisors advising against the use of Twin Peaks tunnel for vehicular traffic. In his objection the engineer points out that the tunnel was built for street car traffic and is only 25 feet wide and 18 feet high. There is not sufficient space beside the tracks for a road for automobiles, the engineer states.

Street Car, Airplane Avert Collision

SAN FRANCISCO, July 25.—It is reported that a collision between a street car and an airplane was averted Sunday when the airplane landed in the middle of the track as the car was approaching. One wing of the plane smashed a window in the car and the passengers were thrown into a panic, but no one was injured.

Court Action Binds Police Hands, Claim

SAN FRANCISCO, July 25.—It is claimed by local police that court action has been started to bind their hands in such a way that they cannot interfere with the operations of Chinese gamblers. Authorities were told before Police Judge Jacks and Lazarus yesterday by attorneys who asserted that the authorities forbid the confiscation of residence on search warrants, save where the document states exactly what is to be searched for.

Girl Seeks Movie Career, Finds Mate

SAN FRANCISCO, July 25.—Mrs. Gertrude Atherton's granddaughter, Miss Florence Russell, who recently went to Hollywood to enter into a movie career, has become engaged to Philip Hurn, scenario writer. It is announced. Hurn is now visiting his fiancée in San Francisco.

Denby and Fall To Delay Alaska Trip

SAN DIEGO, July 25.—Secretary of the Navy Edwin Denby and Secretary of the Interior Clegg and the other government officials who were accompanying him, have postponed their trip to Alaska and the Hawaiian Islands, according to word received here by Rear Admiral Guy W. Burgess.

U. S. Theft Suspects Arrested in Mexico

NOGALES, Sonora, Mexico, July 25.—(United Press).—Four Americans, alleged cattle thieves, are under arrest in Hermosillo, capital of Sonora, according to advices from that city today.

Governor Francisco Elias has announced his intention of delivering the men to American authorities, it was said.

Cowboy Growers Use Their Own Elevator

GUSTINE, July 25.—Three large grain farmers in this district, Messrs. Erhart, Schmidt and Jorgensen, have put in a simple grain elevator of their own and are loading grain in bulk onto cars in the railroad yards. It is a portable affair and quite simple in construction, but does the work well. As a result the three are taking their sacks home with them and saving a lot of money. The elevator holds about 5000 sacks a day. Power is supplied by a gasoline engine.

Jackie Coogan Mixes With Barbed Wires

LOS ANGELES, July 25.—Jackie Coogan's "In Again."

The tiny film star was taken to Glendale Hospital today suffering from numerous lacerations in his neck which were sustained in a three-cornered collision between Jackie, his dog "Mike" and a barbed wire fence.

Woman's 101st BIRTHDAY IS CELEBRATED

SAN FRANCISCO, July 25.—The first milestone of a new century has been passed by Mrs. Mary Austin Davis who yesterday observed her hundred and first birthday at the Clucker Old People's Home. One hundred of the 101st birthday were celebrated and Mrs. Davis' birthday cake had but one candle on it. Mrs. Davis says she has no family living here, but her husband has never been a Golden Gate public servant and avoids town life and excitement. Mrs. Davis was born in 1820 in the Central rooming house around the Horn in 1820 to the Pacific coast.

Woman Saves Ring From Footpad

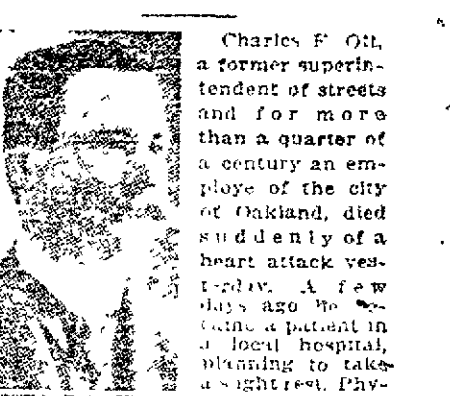

SAN FRANCISCO, July 25.—Through her presence of mind in hiding her valuable diamond ring in her mouth, Miss Alice Bann of the Whitecomb Hotel saved her jewel when she and a companion were being robbed by a footpad Sunday afternoon. She did so as the holdup man was about to search her. The diamond saved by Miss Bann is said to be worth \$5000.

Babe's Arm Found Floating in Bay

SAN FRANCISCO, July 25.—The authorities are investigating the fact that a growing discovery of a baby's arm floating in the bay near the Pachtum Shredding Corporation. The arm appeared to have been torn from its socket. It evidently belonged to a child about 4 months old.

CHARLES F. OTT, CITY EMPLOYEE FOR 25 YEARS, DIES

Was Deputy Superintendent of Streets in 1895, Later Paving Inspector.

Charles F. Ott, a former superintendent of streets and for more than a quarter of a century an employee of the city of Oakland, died suddenly of a heart attack yesterday. A few days ago he was a patient in a local hospital, awaiting to take a short vacation. He was 65 years old. Ott was born in 1856 in the city of New York. He came to Oakland in 1880 and was appointed deputy superintendent of streets in 1895. He held the office seven years. In 1907 he became chief municipal paving inspector. He held that office at the time of his death.

Ott was born in San Francisco, where he was educated in the local schools. As a young man he located in Oakland. He was prominent in various Scottish Rite lodges of the city, in the Shriners and other organizations. He was a past master of Oakland Lodge of Masons. The funeral will be under the auspices of the Masonic order.

Shipsmith Sought For Federal Service

The United States Civil Service Commission announces that a master shipsmith non-educational examination will be held on August 1, 1921, for the purpose of filling a vacancy in the position of master shipsmith in the U. S. Naval station service at Pearl Harbor, Hawaii. Application blanks and further information may be obtained from the local secretary, Board of Civil Service Examiners at the Oakland postoffice. Applicants must be on file with the secretary of the Civil Service Board at Honolulu prior to the hour of closing business on August 15.

Two Jugs of Wine Get Man Into Toils

John H. Ingulga was arrested shortly after midnight by Policeman William Marshall as he got off a Park boulevard street car at Thirteenth and Broadway, on a charge of violating the national prohibition act. Ingulga had two jugs of wine in a sack which he was carrying. When he saw the man get off the car, questioned him. At first he did not want to tell what was in the sack, but later he told the officer he had two gallons of wine. Ingulga resides at 4914 Park boulevard. He will be arraigned before United States Commissioner Albert M. Handle.

Roof Is Ignited By Sparks From Chimney

ALAMEDA, July 25.—Sparks from the chimney destroyed the roof of 1607-7 Buys street yesterday afternoon. The lower half is occupied by Mrs. M. Holsten and the other by John Hockenman. The flames had gained considerable headway by the time the department had received an alarm.

QUALITY PIANOS

Not by price alone may pianos be judged. Quality in finish, tone and dependability may be had only at a price consistent with the effort, earnestness and sincerity that go into the piano you buy.

Ours are not the only good pianos, but always it has been our endeavor to furnish to each purchaser who trusts his musical interest to us more in real satisfaction and service than may be had elsewhere at similar cost.

More than one hundred thousand homes have shown their confidence in our policy. You may safely do so.

S. F. CLUBMAN NEAR DEATH FROM FALL OVER BLUFF

Fred H. Morley Suffers Accident While Scaling Peak in Yosemite.

Fred H. Morley, retired San Francisco mining engineer and clubman,

lies near death in the lodge of the Sierra Club at Lake Tenaya, in the remote northern part of Yosemite National Park, suffering from a basal fracture of the skull.

The accident which nearly cost the clubman's life took place on Saturday, when he, with two companions, left on an excursion to the precipitous summit of Cathedral Peak. At a point near the top of the mountain where the elevation is close to 10,000 feet, Morley lost his footing and plunged outward into space, landing on some projecting boulders 75 feet below, where he lay unconscious.

His two companions—Olcott Haskell, 144 Ross avenue, San Rafael, and Prof. F. E. Crofts, Berkeley—rushed to his aid, and found him lying with ropes down the face of the cliff to the place where Morley lay.

They made a rope sling and lowered the unconscious clubman 500 feet to the base of the cliff. Haskell hurried the twelve miles on foot to summon aid. A pack train of mules bearing a litter came back several hours later and with it Morley was taken back to the lodge.

Mrs. Evelyn T. Morley, the injured man's wife, arrived Sunday for the lodge, having been notified by telegram of the accident.

Word received here again last night indicated that Morley had not regained consciousness but that there is still some hope for his recovery.

Morley has been a resident of San Francisco for four years. He is a graduate of Yale University and lived in Denver before coming here. He is a member of the Olympic Club, the Commercial and Sierra clubs.

If you see it in The TRIBUNE tell him to.

REMAIN RESOLUTE, ADVICE GIVEN BY JAPANESE PAPER

Nipponese Told That Twenty Years Hence They Will Be Firmly Seated.

SACRAMENTO, July 26.—Declaring that out of "force struggle" will be born a new Japan in California if the Japanese do not hurry but remain resolute in the face of opposition, the "New World," a Japanese publication under date of July 22, urges California Japanese "to firmly resolve not to think of moving about here and there, but to build our foundation."

The article is headed "Twenty Years Hence," and predicts that "at that time the Japanese will be citizens of the United States with unrestricted liberty."

TWENTY YEARS HENCE.

Translated, the article reads: "When we say twenty years hence it means that the babies now in the arms of our readers will be grown and will have begun their activities in society. What preparation for those activities will be made by their parents? Can you build for them a social and spiritual foundation to enable the Japanese of that generation at least to hold out in the struggle with westerners? If not we shall always be looked upon as inferior. But if we have the necessary resolution during the next twenty years we can do it magnificently."

"People who came here twenty to thirty years ago are now saying, 'If I had only bought land when I came in places where there could be almost nothing, places where grass was growing in the streets of now flourishing towns, I would be well off today.'"

"STILL OPPORTUNITIES."

"But are there no such opportunities now? What do you think, California will be like twenty or thirty years hence? In the first place, there will be all sorts of development in manufacturing. In the second place, country towns and villages will have become thriving cities and there will be marked advancement in the values of land and buildings in the suburbs of thriving cities and in the country."

"At that time the race which is ineligible to citizenship will have become citizens with unrestricted liberty. Moreover, while multitudes of unexperienced immigrants will come from Europe, Mexico and elsewhere, the present Japanese will be

New Yorker at 95 Is Too Young to Quit Business

NEW YORK, July 26.—Daniel M. Treadwell, lawyer, author, scientist, broker and man of affairs, on the eve of his ninety-fifth birthday is just a bit amusedly tolerant of the future made annually over the fact that John D. Rockefeller, in the ripe maturity of his eighty-second year, still is able to play golf and enjoy a drive in his motorcar—or, perhaps, one of his motorcars might be better.

Treadwell goes to his office at the Home Trust Company daily and conducts his routine affairs as a matter of course, and he doesn't expect anyone to be excited about it. He is regarded as the oldest active business man in New York city and he is looking forward to being a good deal older business man before he retires to spend his old age in peace and quiet.

Treadwell admits that John A. Stewart of Morristown, N. J., chairman of the board of directors of the United States Trust Company who will celebrate his ninety-ninth birthday on August 26, is getting along in years and has earned his retirement.

On the 26th of this month Treadwell will go to Freeport, L. I., for his annual birthday party with his little grandnephew, Charles P. Harvey, son of Mr. and Mrs. Alfred Harvey, who is his junior by a little matter of exactly eighty-four years to the day. Treadwell will be ninety-five and Charles eleven years old, but the slight discrepancy in years doesn't alter the fact that the two are "buddies," and neither would feel that his birthday had been celebrated properly minus the presence of the other.

LOOKS UNDER SIXTY.

As a matter of fact Treadwell has the appearance of a man in the late fifties. His eyes are clear, he never wears glasses, his step is firm and he has a full crop of bushy white hair. His carriage is erect and solidly and he has all the vigor and vitality of a man slightly more than half his years.

Mr. Treadwell has a spontaneous humor which is very readily tapped. In fact, he managed to find consider-

able amusement over his clumsiness, some two months ago when he permitted a pair of new rubber heels to trip him up and hurl him headlong down two flights of stairs leading to the stoop of a neighbor's house. He was bruised a bit instead of being killed outright, as would have happened in the case of some old fellow of sixty or seventy years, but he refused to call a doctor and has little to remind him of the fall now.

SRIP LINES SLASH RATES. PORTLAND, Ore., July 26.—As a result of rate slashing by rival steamship companies operating between Portland and Astoria, a passenger rate of \$1 between these cities of sixty or seventy years, but he

SAYS LIFE WAS BURDEN TO HER FOR TWO YEARS

"Tanlac has built me up fifteen pounds in weight and made me so strong and healthy that I feel like an altogether different person," said Mrs. K. Jones, of 534 Kansas st., San Francisco.

"I had been in bad health ever since I had influenza two years ago. I had no appetite at all, my stomach was terribly disordered, and I became so weak I couldn't look after my household. I couldn't rest or sleep well at night, and really got so despondent that life seemed hardly worth living.

"Almost as soon as I started taking Tanlac I commenced to improve, and it has restored me to such perfect health that my household is easy for me. I eat hearty and enjoy all my meals, my sleep is sound and restful, and I am feeling fine in every way.

"My husband has been taking Tanlac, too, and it has done him even more good than it has me. He had been suffering for ten years with rheumatism, and his stomach was terribly disordered. Well, Tanlac has relieved him of the rheumatism and put his stomach in such perfect order that everything agrees with him. We both think Tanlac is the greatest medicine in the world and never miss a chance to praise it."

Tanlac is sold in Oakland by The Owl Drug Company—Advertisement.

Points the Way to Comfort and Health. Other Women Please Read

Moundsville, W. Va.—"I had taken doctor's medicine for nearly two years because my periods were irregular, came every two weeks, and I would suffer with bearing down pains. A lady told me of Lydia E. Pinkham's Vegetable Compound and how much good it had done her daughter, so I took it and now I am regular every month and have no pain at all. I recommend your medicine to everyone and you may publish my testimonial, hoping that the Vegetable Compound does some other girl the good it has done me."

Mrs. GEORGE TEGARDEN, 915 Third Street, Moundsville, W. Va.

How many young girls suffer as Mrs. Tegarden did and do not know where to turn for advice or help. They often are obliged to earn their living by toiling day in and day out no matter how hard the pain they have to bear. Every girl who suffers in this way should try Lydia E. Pinkham's Vegetable Compound, and if she does not get prompt relief, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., about their health.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HAARLEM OIL

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitations.

To Have Perfect Skin Throughout the Summer

These days the face needs special care and attention. Flying dust and dirt, the beating sun, are severe on any skin. Their despoiling effects are best overcome by the application of pure mercurized wax. This keeps skin and pores in a healthy condition, the complexion beautifully white and spotless. Roused, colored, freckled or roughened cuticle is actually absorbed by it. One ounce of mercurized wax, obtainable at any drug store, is sufficient to completely remove a summer complexion. It is used like cold cream, allowed to remain on overnight, and washed off in the morning.

As the skin tends to expand in warm weather, causing wrinkles to form, a good astringent lotion should be used. The best is one containing powdered salicylic acid in a half pint of witch hazel. Bathe the face in this during the heat of the day or before going out for theater or social affair. It is a remarkable skin tightener and wrinkle eraser.—Advertisement.

An Unfailing Way To Banish Hairs

(Beauty Notes)
Ugly hairy growth can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.—Advertisement.

ACTIVITIES WOMEN

Helen Grey and Beverly Carlton Are Betrothed

From interested friends comes the story of the betrothal of Miss Helen Grey of Fernside, Boulevard, Alameda and Beverly Carlton, son of Dr. and Mrs. Harry P. Carlton.

No formal announcement has been made, but the engagement has been confirmed by the families of the young folk, both of whom are popular among the younger set about the bay.

Miss Grey, daughter of Mr. and Mrs. R. H. Grey, is a clever girl, well versed in the arts of homecraft and esthetics, and exceptionally good looking and smart.

Young Carlton is the only son of the Carltons, his mother—a member of one of the old families of Oakland—a well known clubwoman, with membership in the D. A. C., the Colonial Dames and Ebell Club.

Dr. Carlton is one of the most popular clubmen about the bay, a leader in the Bohemian club artistic life, where his musical attainments have made him a central figure.

No plans are made for the wedding of the young persons, though gossip has it that it will not be far off.

MARGARET BOVEROUX IS BETROTHED.

The betrothal was announced this afternoon of Miss Margaret Boveroux and David Sanders of New York, the interesting bit of news having been told at a tea at the home of the Boveroux in Euclid avenue, where a small group of the closest friends of the bride-elect was assembled.

Miss Boveroux is a University of California graduate—a Gamma Phi Beta. For two years she has made her home in New York, where she met her future, returning to Oakland a few days ago.

Mr. Sanders will come West next week to meet the family and friends of his fiancée, to remain but a few days.

Plans for the nuptials are not formulated.

It is hitting the town hard—bobbydair.

And the wonder of it is that those who are most prone to trimming their dresses are the possessors of beautiful hair. There's Mrs. Fritz Henshaw, who is looking enormously chic with her new Greenwich Village cut; and Mrs. Frank Edoff, whose masses of blue-black hair were unvarying in matters of admiration. In her new coiffure she, too, is very smart. But how about the girls to whom the mode is not becoming?

A wave of softly curled short tresses is said to have swept over Washington, where new vagues seldom obtain. But in addition to its unquestioned advantages—its smartness aside—of ease, of care and of comfort, it is hardly to be wondered at. But is it really so great a relief from the long?

However, after all, it is not utilitarian evidence that determines our course in sartorial affairs, so much as esthetics.

The Arthur C. Thompsons have returned to Oakland after a trip to Niagara, where they went for a brief stay. The eastern trip followed closely upon the heels of a European tour, covering several months.

MARTON WIRTNER'S BETROTHAL ANNOUNCED.

The navy is making fast inroads upon the ranks of the debutantes. The betrothal of Miss Marian Wirtner to Lieutenant Hubert Anderson is the latest manifestation of its persistent accomplishments.

The young officers, who are said to be the most eligible bachelors in the New Mexico, that has won the exciting reputation of having more single officers—all dancing men, too—than any other ship that dropped anchor in San Francisco Bay during the last assembling of the Pacific coast fleet.

He is an Annapolis man, whose home—his navy men have homes—in the south.

The bride-elect is the daughter of Mr. and Mrs. John J. Wirtner, and sister of the Misses Doris and Harriet.

The betrothal was made known at a tea on Saturday, that was attended by several Eastbay girls.

Among the guests were the Messdames William H. Hughes, Stephen Nerney, Theodore Rethers, Jr., Misses Vera Adams, Doris Rodolph, Ernestine Adams, Dorothy Jordan, Nance O'Brien, Jane Carrigan, Annabelle, Josephine Seaton, Helen Bruck, Margaret Bruckbee, Marian Dunne, Ruth Priorand, Sallie O'Brien.

EN ROUTE FROM YELLOWSTONE PARK.

Mr. and Mrs. Richard B. Ayer with their sons, Denison and John, have been visiting Portland on their return trip from Yellowstone Park. Coming south they will spend a day or two at Crater Lake, planning to arrive in Piedmont at the end of the week.

The Ayers have been away from their Piedmont home for a month or more.

Miss Charlotte Canby of Los Angeles is coming north to spend her vacation, part of the time to be spent in the Santa Cruz mountains, where she will be the guest of friends.

An interesting visitor about the bay is Mrs. Warren Matthews—Elva De Due, who went East before her marriage to prepare herself for a literary or journalistic career. Like most Californians, who make assault upon the battlements of New York, succeed. Either they are endowed—especially endowed—or they have a prodigious capacity for work.

And that's half the game. There are authorities who aver that "Art is one tenth inspiration and nine tenths work."

Mrs. Matthews will spend several weeks with her friends and kind folk.

OAKLAND FOLK AT BROOKDALE.

The Oakland colony at Brookdale has been active in the doings of the Brookdale club which has been sponsoring dances and card parties at the Brookdale pavilion on The Island, the (uphill) summer home. Recently a card party was given with Messdames Arthur Breed, W. A. Phillips, George Brant, Charles Ditt-

MISS JEAN BOSTICK, now on a visit to Los Angeles, whither she went by the aerial route. She will return to town in a day or two. (Boye Photo)

Tribune Bureau Answers Joffre, Zane Grey Queries

Zane Grey, the author, was the subject of the following query by an Alameda reader, that came in to The TRIBUNE'S Information Bureau today:

"Will you kindly answer the following question in the question department of The TRIBUNE, and satisfy the curiosity of a number of your readers:

"Is the noted author of stories, Zane Grey, a man or a woman? We shall greatly appreciate the correct answer, which no one in a wide acquaintance seems to know."

"Thanking you in advance, Sincerely yours, Zane Grey is a man."

Here is another query that came in today:

tau, E. C. Cowell and Dorothy Barnhart as hostesses.

These card parties for the benefit of the Improvement club, are to be held every Tuesday afternoon through August.

Last night the dance at the Capwell pavilion was in charge of "Bully" High of Oakland.

The Arthur Breeds are at their summer home on The Island, planning to return to their Walker avenue home when the call to school is sounded.

Mrs. C. E. Bancroft and Miss Jennie Gray of Berkeley are occupying the Gray home in the Brookdale country.

Aged Orland Man Found Dead in Home

WILLOWS, July 26.—E. B. Kessling, well known Orland citizen, was found dead yesterday on the front porch of his ranch home two miles south of Orland, the result of a shotgun wound. Friends said they believed it was a case of suicide, as he had been ill and dependent for some time. He operated a hotel at Orland for 26 years, retiring to his ranch two years ago. Kessling, who was 74 years old, is survived by a widow and son.

TUESDAY, JULY 26, 1921.

STILL IN BAD FAITH.

The State Railroad Commission intimates its belief that the Southern Pacific Railroad has not acted with good faith in submitting its plans for a new terminal station for its electric lines at Thirteenth and Franklin streets in Oakland. The commission ordered that the railroad company submit plans calling for the expenditure of not less than \$50,000 on a new structure to take the place of the existing ancient and dilapidated shacks. But the plans which the railroad has presented for the commission's approval contemplate the expenditure of "barely half" this amount on a new building.

Of course, the railroad corporation has not acted in good faith in this matter. It never had any intention of acting in good faith if it could get by with the State utilities body with tactics of bad faith and double-dealing. So far as its relations with Oakland and other Eastbay cities are concerned, the Southern Pacific always seems to prefer trickery to straightforwardness and honest business dealings.

The State Railroad Commission has granted the railroad corporation several periods of delay in complying with its orders—all to the detriment and the annoyance of the city and the people of Oakland. Now the corporation presents a ludicrous plan, which it knew in advance did not fulfill its obligations nor meet the commission's specifications.

It is to be hoped that the railroad commission will not forget—and that the city attorney of Oakland will not permit it to forget—that the people of Oakland have a large substantial interest in this subject. The progress of the city has been held back by the unsightly, antiquated and obstructive buildings and track layout which the Southern Pacific has maintained at this terminal depot. The trickery of the railroad company may win the State commission's approval and save the commission's face for awhile, but it will not settle this question of a handicap to a great municipality.

HUNTERS, TAKE CARE!

In several districts of California the deer hunting season opens on August 1. This is early for all sections because it is before the first fall rains have come to reduce the fire danger. In the Livermore mountains, where the first hunting by the sportsmen of the bay district is usually undertaken, there is much concern for the safety of the country, if the hunters display their usual carelessness regarding fire.

Due to the heavy rains last winter and spring there is now a luxuriant crop of dried grass and weeds all over the stock ranges of the mountains and valleys. The stockmen will not hold any too cordial a welcome for any hunter until the first rains fall. But as to the sensible man, who knows enough to put out his fire and crush his cigar butt, and has enough consideration for the district he is in to take proper precaution against fire, there is no inclination to give him a chance.

But the out-and-out fool is in the undesirable class and any hunter now in good standing who does a foolish stunt will at once be among the undesirables. The Livermore fire patrol has been substantially augmented and is awake to its responsibility to afford protection for the ranges. For a fire will not only destroy the feed now on the range, but will make it useless next winter and spring. The stockmen have been through many painful experiences in the past and they know what to expect.

Consequently, the hunter who goes into the Livermore mountains and starts a fire will not only be excluded for the rest of the season but he will bring exclusion upon all hunters. The stock ranges are of first importance. Protection for them is to be sought above everything else, and this is particularly the view of the people of the Livermore country. And the man who permits a fire to be started on the ranges deserves no consideration.

While many American cities are discussing the problem of traffic congestion on their busiest streets, due chiefly to the increased vogue of automobiles, the City of Mexico is proceeding to act by tunneling at busy crossings. Twenty of these

are to be provided with underground ways, the cost of excavating to be met by rentals from concessions to be located in these tunnels. It is a new idea, at least—establishing concessions underground—and one which would need demonstration before acceptance here; but tunnels might be something of a solution of the dangerous congestion that so many busy crossings present.

THE MOTOR CAR.

Like other industries, the automobile industry suffered severe depression during the first half of this year and the last half of 1920. It is recovering gradually, by healthy strides. Some few factories are again running at 100 per cent capacity. Other are coming along nicely, after readjustment of operating and material costs.

There is every reason to believe that the business of making motor vehicles will regain all its former vitality and attain even greater dimensions than known in the peak period of the war. The demand for American cars for export is greater than ever and the domestic demand seems only limited by the ability of the people to buy. When the buying capacity is high, there is a strong call for automobiles.

The National Automobile Chamber of Commerce recently compiled statistics which illustrated the magnitude of this industry. The remarkable growth of the industry is shown by the comparison of figures for the last ten years.

	1909	1914	1920
Capital invested	\$173,837,000	\$107,730,000	\$2,126,717,377
Value of products	213,202,000	632,831,000	2,061,123,000
Persons engaged in manufacture	3,325	115,951	703,560
Wages & salaries	58,173,000	129,453,000	1,941,556,775

Census, 1919.
Combining the values of vehicles, parts, tires and accessories for 1920, the total is estimated the industry second place among all the industries of the country. If there be added the investment in the trade agencies, etc., involved in the sale of motor cars the total would be very near to the top of the list.

A summary of production since 1899 shows that 11,829,483 motor cars have been made, of which 2,000,000 have been worn out and retired from use. Of the 2,205,197 total produced in 1920, 1,883,158 were passenger cars and 322,138 were motor trucks.

This list shows the remarkable extent of the use of the motor car by countries not generally regarded as modernized, so far as machinery is concerned, such as India, Algeria, Chile and China. The motor car has made its way in the mountainous districts of Switzerland as well as among the canals of the Netherlands and among the sands of Egypt. In the number of persons in total population per automobile the United States leads with one car for each eleven persons. Then comes Canada with 1 to 21; New Zealand, 1 to 41; Australia, 1 to 65; Cuba, 1 to 91. Great Britain has only 1 to 110; France, 1 to 205; Germany, 1 to 73; and Switzerland leads Europe, with 1 car to 151 persons.

The leadership of the United States in the automobile industry has led to our supplying a large part of the world's needs as is shown by the large balance of exports over imports. The destination of the exports gives some idea of the part of the world that is supplied by the United States motor industry. By far the largest number in 1920 went to the United Kingdom with British India second, Canada third; then Australia, New Zealand and British South Africa. Then came Cuba, Dutch West Indies, Sweden, Brazil, Argentine, Philippines, Mexico and Japan.

To produce these cars there were 317 establishments in 1919, according to the census. Some 2,291 firms were engaged in making automobile bodies and parts and 15,186 were devoted to automobile repairing.

Of the total production in 1919 about 56 per cent came from establishments located in Michigan. The number of tires made in 1920 was estimated to be 32,400,000 by the automobile chamber. The total world's registration of motor cars is estimated to be 10,922,278, of which about 85 per cent or 9,211,295 are owned in the United States.

It requires only a slight imagination to give vital interest to these figures. The travel and transportation made possible by the motor vehicles is another story of compelling interest.

So far as the facts are concerned, the "Black Sox" of the Chicago American baseball club, accused of throwing games in the world series with Cincinnati in 1919, are guilty. Three of the accused have admitted at their trials, now under way in Chicago, that they confessed to crookedness before the grand jury that indicted them, but on the promise that they would get the immunity bath. Maybe there is some technicality by which the dishonest players will escape punishment, but none by which the stain of their dishonesty can be wiped off. There is no excuse for ever again welcoming them in honest sportsmanship.

Senator Pat Harrison of Mississippi, the chief nagger of the Democratic minority in Congress, says that the failure of the Senate to ratify the Versailles treaty is the cause of the decline in American trade. Since Senator Harrison probably does not know what the real cause of the decline may be, he might as well make the Versailles treaty the goat as anything else.

Lord Northcliffe having left England for a prolonged tour of the world, the prospects of peace as Mr. Lloyd George sees them are brighter than they might otherwise be.

NOTES and COMMENT

The agitations over the big bridge, which is more or less a conjectural enterprise, have obscured the matter of the lesser structure, which has got along some distance toward realization. It is a bridge across the estuary at Webster street. That should not be necessarily any other.

Another unsuccessful attempt to beat a trail with an automobile at a crossing is reported at Fresno. The attempt was entirely unsuccessful, and two men dead and three injured besides. This feat has been tried so many times with such unsatisfactory results that it would seem it might be given over. Or is there a spirit behind it akin to that which persisted till the North Pole was discovered?

Paderewski's sudden determination to sell his ranch in San Luis Obispo county indicates that he may be off to save Poland again. It would appear that he must feel a temperamental impulse, as he will offer the ranch of 2544 acres at auction September 15 without a due campaign of advertising.

The account that is published of the President's planning with Thomas Edison and Henry Ford in a mountain camp, is readable and characteristically American, illuminating a phase of life peculiar to this country. It would be impossible to think of a president of any other land chopping the wood to cook his meal.

The stampede of Berkeley's citizens, especially those of political proclivities, from the invitation to act as judges at a baby show, indicates a healthy realization of the fact that the suffrage has been extended to mothers. It is not to be judged on this occasion are not only the prettiest babe, but also the homeliest. And it doesn't appear that the committee offers to equip the judges with an armored car, or anything.

A letter has been received by the mayor of Tullock, threatening to kidnap methods to those who disapprove of the deportation effort. It is not believed there is any kidnap organization in this vicinity, but it is believed that if any such method is introduced in California it will be met in the same spirit that the deportation effort was.

How difficult it seems to be to apprehend the holdup man when his aim is before him. As has been illustrated in the case of Juan Jose, where highwaymen took from a driver a truck loaded with sixteen barrels of alcohol and drove it off to some limbo where government sleuths could not find it. A truck loaded with sixteen barrels would be difficult to whisk out of sight in the prompt manner in which a presiding officer causes a coin to disappear.

Not everybody who gets indicted can call out the militia to still arrest. The Governor of Illinois stands alone in that respect, though it is possible that his precedent will be followed if he gets away with it unscathed. He declares that he is innocent of every charge on which the indictment was based, and that in a truculent manner that indicates an outraged feeling that anybody should doubt it.

The United States Mail Steamship Company, whose five passenger steamers the shipping board seized on a stated charge that the company was operating at a loss, is represented by its officials as not only not owing the government that, but on the other hand, as being a creditor of the government in the sum of \$2,000,000. And considering the way the affairs of the shipping board have been managed, there is an uncomfortable feeling that the claim may be substantiated.

A special dispatch is to the effect, that the former German crown prince may come to America for a lecture tour. There may not be any manifestation against his coming, but there is no way of guaranteeing compliance if he shall attempt a justification of some war events, after the well known German manner.

SPIRIT of the STATE PRESS

Ancient the row over the coming legislative apportionment, as between San Francisco and Los Angeles, some wise person proposes to settle the matter by making Kern county a senatorial district. Why not? Kern is a California county. It is for the state, not for any section. It is not in southern California; it is in California—Bakersfield California.

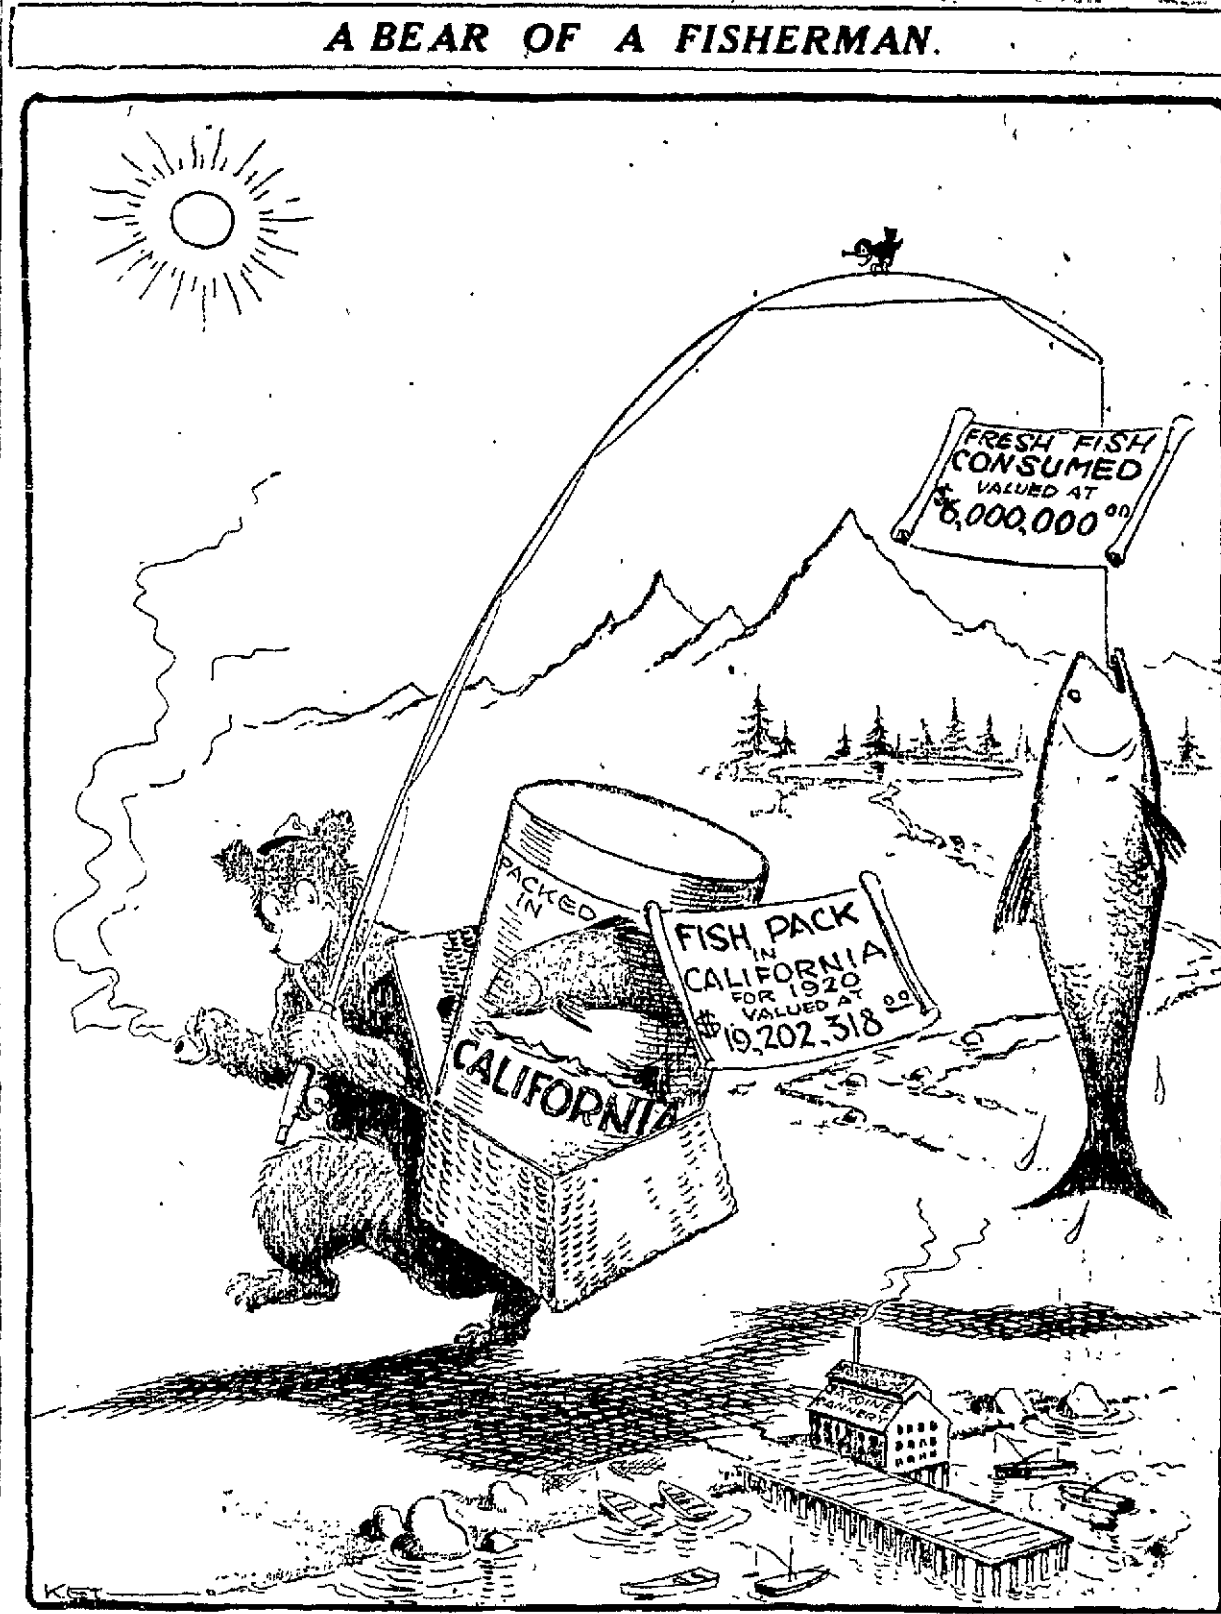

A correspondent addresses us with a defense of Bill Hayward, alleges that the editor of The Sun is a liar and that The Sun is in league with the plunderer and generally has its feet on the neck of labor, and after this verbal assault, he neglected to sign his name! Now, what do you think of that for absent-mindedness?—San Bernardino Sun.

What has become of that "B. B." movement that was launched so prominently in San Francisco and extended down through this valley not many weeks ago, for building up and enthusiastically boosting California north of the Tehachapi?—Visalia Times.

The only feature lacking in the German trials of her war criminals is somebody to hang a medal on them as they go out of the door acquitted.—Atascadero News.

The next great sporting event will be a British fight between Battling Daves and Red Tape—Fresno Republican.

The Weed Patch takes issue with Lerlo and claims the honor of shipping the earliest ripe grapes. The most important thing is that both sections are in Kern county, so whichever is right, the county wins.—Bakersfield Californian.

BURMA

There is to be a change in the government of Burma, following the recent reshaping of the governmental machinery of India, according to despatches from London, where a committee of Parliament has been considering whether a constitution shall be granted and even whether the country should eventually be severed from the Empire. That there have been changes in Burma in other than political fields is brought out in the following bulletin of the National Geographical Society, issued from its Washington, D. C., headquarters:

"Recently in Burma, the old pagan order of things has been passing, and modern ethical ideas and manners are gradually seeping into the Oriental mind, and replacing many picturesque and amusing customs," says the bulletin.

"Perhaps the most characteristic concomitant of the Burmese men, women and children's appearance is the inevitable 'whackin' white cheroot.' It is said that a mother often transfers her lighted cigar from her own mouth to that of the wee child in her arms; and no lady would start on a dress parade without taking a necessary stock of 'smokes' to supply her while she is out. This cheroot is more like an overgrown cigarette than anything else, and is said to contain but a small portion of the real tobacco leaf. Another Burman custom common to boys, girls, men and women is 'kun-chewing.' The Burman has been said to smoke between chews and chew between smokes, but to have little time for anything else. The betel nut is chopped fine, a red lime paste is spread on a certain kind of astringent leaf and all are jammed into the mouth together. Then the chewing begins. To extract the last bit of flavor from the combination the chewer contorts his face while his cheeks puff out more and more, until finally discomfort compels him to start again with a fresh 'charge.'"

"The Burman has a pride that makes him in his own estimation second to none on earth. He is descended from angels who came on earth and gradually adopted the ways of human beings. His kings, before the days of Thebaw and his queen, Supphawathiri, had complete power over the subjects and wore a list of titles which make the letters abbreviations of orders after the name of a British celebrity seem few by comparison. These potentates were content, however, to be known as 'Lords of the White Elephant,' for short."

"There is no elaborate caste system among the Burman like that which prevails among the Hindus, but certain classes are outcasts; the pariahs are in a generation out, and a grave digger never hopes to rise above his occupation and his benighted social position; and the lepers, beggars and the deformed or maimed are believed to suffer the stigma of some terrible sin of a former existence."

"The Burman is the cleanest and dressiest of the races of his country, but his gaudy silk shirt is no indication that his pockets will give forth the merry tinkle of coin. In this sparsely populated country one finds Talangs, Shans, Karens, Kachins and the Chins, whose names of dressing would call forth little comment if they would only keep their clothes on."

"As strict Buddhists these people are not supposed to take life in any form, special and uncomfortable hells being reserved for fishermen and hunters; but few of them manifest any unwillingness to eat the quarry when it is served as food."

"One respect in which the Burman shines as a people among the other Orientals is in the position of their women. Though they consider a man far superior to a woman, and though her fondest hope is that

she may be born to this high estate in some future existence, she walks the streets in absolute freedom and puffs her cheroot to her heart content. She takes part in, and quite often has complete charge of, the business affairs of the family, retailing her wares in a stall in bazaar or market, figuring her accounts in her head—for she never has any schooling—and meeting her husband's friends on the same plane with him in the household."

"Courtship in Burma is a more open and natural flirtation than it is in almost any other part of the East. The young man usually manifests his interest at one of the pagoda feasts by shy attentions; he then calls in company with his boy friends to find that the young lady with a bevy of her friends is awaiting him. He means business, however, and if the families consent he persuades her to eat a meal with him in public, and by virtue of this procedure his bachelorhood is brought to an abrupt end."

"Before the young girl in Burma makes her debut she must have her ears pierced for earrings. The holes are kept open and enlarged by wearing in them glass or metal tubes of increasing size until they are half an inch in diameter, capable of carrying weights similar to the decorations worn by the South Sea Islanders. In olden times the fashion demanded much larger holes than those in vogue at the present time, and many an old Burmese lady uses hers as holders for her cheroots, somewhat after the American doughboy's conceit of wearing a flag behind his ear."

"A dead man in Burma always pays his fare across the mystic river of death with a small coin which he carries in his mouth. The curse that rests on grave-diggers as a class probably comes from the fact that most of the men of this trade have no scruples about digging the poor wretches up for their coins. It is believed that this causes the spirits of the disturbed ones to return to this world to suffer all the ills that the Burman imagination can conjure up for them."

A Long Step Forward.
(From the Kansas City Star)
There is no promise of a millennium in which there shall be no wars in the world, called by President Harding. But any forward step will be an achievement in practical idealism of great importance to the world.

About YOUR HEALTH

How to Give First Aid In Some Sprains and Strains.
By ROYAL S. COPELAND, M. D.,
Commissioner of Health, New York City.

Sprains of joints and strains of muscles are among the most common of all accidents.
They vary in severity from a slight stretching or twisting of the tissues, to pronounced tearing of the injured part.

In every such accident skilled surgical care is necessary unless the case responds at once to the simple home treatment which can be applied. It is essential to determine if the bone has been broken. The X-ray may be called into use to make sure exactly what has happened.

About the joints, especially the important joints, are a lot of ligaments. They play a necessary part in the smooth and painless action of the joint. They may be torn loose from their attachments, or may be pulled apart. Likewise, muscles may be so roughly treated as to actually be torn in two, or, at least, badly lacerated.

The accident may partially dislocate the bones forming the joint. They may be packed into place, but, of course, the ligaments and tissues have been torn or lacerated.
If the ankle, foot, knee or leg is the part affected, walking will become difficult or impossible. No matter what portion of the body is involved, the parts are painful to touch or use, and may be excessively painful for a few hours when kept quiet.

What should be done until the doctor is seen?
Rest and freedom from movement are the first requirements. It matters not where the injury is, this rule applies.

If the injury is slight, rest and quiet will be insured by the application of adhesive plaster strips. These should be applied far below the seat of injury to well above it. Let the first strip be applied smoothly and applied. The next one should overlap the first, and so on till the entire surface is covered.

In the absence of adhesive plaster a bandage may be made from an old sheet or other piece of cloth. This may be applied smoothly and firmly applied from below up, until firm support is given the injured part.

Whether a bandage or adhesive plaster is employed the strips should be an inch and one-half or two inches wide-wide enough to lie across the joint and not roll up into a string or rope.
If the injury is followed by pain, rest in bed with the damaged part elevated will promote comfort. Cold water applications or the local use of lead, water and laudanum will help.

A plaster of Paris cast may be needed later. Likewise, baking and massage will promote the cure. All these later steps should be taken only upon the advice of the physician. Good sense and a little skill will ease the sufferer's pain. This is as far as the amateur should go.
Each of us should have knowledge of first aid measures, and every school should teach them. The sum total of human misery will be much reduced when we all know how to take care of ourselves and of each other in emergencies.

FIGHT OVER WATERFRONT LAND IS ON

Court Hears Argument in Case
of Parr Terminal Company
Seeking Title From City of
Sixty-Five Acres of Land

Attorneys for Fred D. Parr, president of the Parr Terminal Company, today began their battle against lawyers representing the city, to establish the validity of the company's lease to 65 acres of land on the Oakland waterfront and to prevent the city's questioning its title in the future, in superior court before Judge Lindsey Kinsell.

The proceedings are also being brought to prevent the obstruction of the company's operations because of such a claim.

Arguments by the various attorneys, the facts of the case having been presented in briefs some time ago, occupied the entire day, as the result of the action which was instigated by the Parr company, which filed suit about two months ago asking that the court establish the right of the title and that the city be compelled to desist from taking objections regarding the lease's validity.

CLAIMS OF COMPANY.
According to the complaint, the company has expended more in improvements upon the property than the city required, but the certain changes in the development were made necessary because of the condition of the city's property taken over by the company, which were unknown at the time the lease was made. This, it was stated, forced a technical violation of the specific terms of the lease, which, however, was agreed to by the majority of the members of the city council. It was also brought out that the council recognized the changes in subsequent action between it and the Parr company.

The original lease covers 2000 feet of land on the city's waterfront—and in the sixty-five acres involved—and was made in June, 1918. It was an amended lease, it was pointed out, being drawn the following year. According to the specifications in the lease, the company was to spend no less than \$300,000 in improving the waterfront, including the dredging and the creation of wharves, with the provision that the city would reimburse the company for whatever was spent in permanent improvements. Since the title remained in the city, the city, according to the specifications in the lease, the company was to spend no less than \$300,000 in improving the waterfront, including the dredging and the creation of wharves, with the provision that the city would reimburse the company for whatever was spent in permanent improvements.

ARRAY OF LAWYERS.
The case was argued for the city by Deputy City Attorney John J. Early, and Attorney C. A. Beardsley, of the firm of Fitzgerald, Abbott and Beardsley, Morrison, Dunne and Brockert represented the Parr Terminal Company. During the arguments today, one of the interested spectators in the courtroom was former City Attorney H. J. Hagen.

"Under my lease, I was supposed to build wharves, extending out into the water, instead of running along the shore line, and making use of an old wharf belonging to the city before the company took over the property," said Fred D. Parr, president of the company. "This wharf cost about \$25,000."

"When I came to build wharves and attempt to make use of this old wharf, I found that it was in such a bad condition—that I was forced to tear it down because of its weakness, with the exception of a few piles along the shore line, and build a new one. The situation as it developed forced me to

Singletons Sail for Australia And Will Make Tour in Orient

MRS. CHARLES D'ARCY SINGLETON, who, with her husband, Claremont Club manager, is on the way to Australia on a pleasure trip.

Prominent Berkeley Couple to Pay Visit to Family Home in Melbourne

BERKELEY, July 26.—Mr. and Mrs. Charles D'Arcy Singleton sailed yesterday for Australia in the liner Marama for a visit with Singleton's family, who are prominent business and social leaders in Melbourne. Singleton is well known here as manager of the Claremont Country Club.

The Singletons plan to be gone for more than four months, in which time they will make a tour of the principal points of interest in Australia and the Orient and will spend some time visiting the Singleton family in Melbourne.

BIG OIL TANKER TO BE LAUNCHED

ALAMEDA, July 26.—The F. H. Hillman, the latest addition to the Standard Oil company's fleet on the Pacific, will be launched from the ways of the Bethlehem yards Thursday afternoon at high tide at 3:30.

Mrs. F. H. Hillman of Berkeley, wife of the company official after whom the big tanker is named will be the sponsor for the vessel as she slides down the ways.

The F. H. Hillman is of 15,000 tons burden and is one of the largest vessels of the Standard Oil company's fleet. It will be in commission, it is expected, two months after the launching.

The build that particular new wharf along the shore instead of extending it out into the water.

"That is where the main alleged violation of the terms of the lease occurred. According to the lease I was supposed to expend \$35,000 in improving this particular wharf. In reality I spent \$135,000. Had I built this wharf out into the water there would have been no question as to my reimbursement and the compliance with the lease's terms."

"Nevertheless the council later accepted this change and reimbursed me for the money spent, despite the difference between the lease and the actual performance. Yet on a number of occasions when bills of mine came before the city officials the city was raising as to whether the city was rendering itself liable by paying the bills."

"Big concerns which are anxious to invest in my project and bring much shipping and other business to Oakland have hesitated because of the suggestion of a cloud on the title, and I decided to have it cleared up."

DANCE HALLS' AND HOTELS' FEES FIXED

Council Reorganizes License
Inspection Dept.: Purpose
of New Ordinance More
Funds, Say Its Sponsors

The city council today reorganized the license inspection department, reauthorized the license fees for dance halls and apartment houses, started the machinery to exempt secretaries of commissioners from civil service rules and finally adjourned on account of the minority of Charles L. Ott former superintendent of streets who died yesterday.

The mayor introduced the resolution to exempt commissioners' secretaries from civil service rules. This resolution was passed by the council and Henry Henken late secretary to the late Commissioner Moore and Soderberg, who were laid off and who applied to the civil service board for reinstatement. The civil service board will be requested to approve of the council's move.

"This merely puts the positions back where they were originally in the charter," explained Commissioner Moore.

NEW BUREAU CREATED.
The board of license inspection was created, giving the department the positions of license inspector at \$2400 per annum, and two deputies at \$2100 each. The council then passed to print two ordinances to bring the following licenses for apartment houses, hotels and rooming houses.

Room—	Fee
150-193	\$10
100-149	8
50-99	6
10-49	4
20-49	3
11-19	2
6-10	1

The ordinance specifies that no license of less than \$7 per annum be granted, and all such houses must have licenses.

The dance hall licenses were completely changed, following complaints of the smaller halls that they are paying as much as the larger ones.

Room—	Fee
150-193	\$10
100-149	8
50-99	6
10-49	4
20-49	3
11-19	2
6-10	1

OCCASIONAL HOPE.
If the ordinance is passed, one week apart a fee of \$1 per dance will be exacted. All public dances which run at all times will pay \$10 per quarter.

The new regulations are in line with the policy of the council to secure revenues from all sources wherever possible, to reduce the general tax rate, it is explained.

The council gave permission to E. M. Cook to conduct a private patrol system in the district bounded by Park boulevard, Ninth street, Broadway and Indian gulch and Excelsior avenue.

The mayor announced the appointment of Mrs. Evelyn S. Robinson as a member of the board of public ground directors to succeed Mr. George H. Hodgman, whose term expired.

The Oakland Advertising Club made application to the council for a fund of \$12,500 to be used in advertising the resources of Alameda. The request was referred to the finance committee.

Will Is Written On Prescription Blank of Doctor

WRITTEN on a physician's prescription blank and leaving all of his property to his wife, Josephine Bromley, the will of S. D. Bromley was filed with County Clerk George E. Gross today. The petition declares the estate is valued at less than \$10,000.

It stated Bromley was being attended by Dr. J. H. Sampson when he expressed a desire to make his will. Dr. Sampson wrote the will on the back of one of his own prescription blanks and Bromley signed it. It was witnessed by the physician and Mrs. A. E. Townsend, a sister-in-law of the deceased.

REINSTATEMENT OF PETERSEN AS POLICE DEMANDED

Attorney Cedric Petersen this morning sent a demand to Commissioner Frank Colburn that his father, Walter J. Petersen, be returned to office in the police department. The communication was referred to Acting City Attorney Leon Gray.

While Gray would not discuss the matter before formulating his official opinion, it was intimated that Colburn has no authority in the matter. The Petersen case is now before the civil service board, whose decision has not been reached.

NEW ANGLE TO CASE.
Gray expressed an opinion today on another angle of the Petersen case, maintaining that the civil service board may either reject the whole Petersen case before reaching its decision or may study the testimony of the previous hearing but not create a decision as the board.

The opinion is in reply to a query by Chairman John Chambers of the civil service board who wanted to know the present situation now existing because of a change of office.

The Petersen case was heard before Commissioners Chambers, Huber and Beebe. Huber's term expired, Beebe resigned. Chambers asserts they were actually agreed on the verdict but had not reduced it to a formal decision before the terms ended. Chambers desired to know whether the civil service board could now produce a verdict.

"When the incumbent's term expires he has no further authority," rules the board. Huber and Beebe could not now produce a verdict.

Gray, however, says he "does not believe it necessary to hear the case again unless it is desired," as the new board can consider the evidence previously given, but if the new board wishes to consider new testimony it "must notify Petersen of the time and place of the hearing and the matter will be taken up at the civil service board hearing to-morrow."

**Ready To Cooperate
On Alien Tax Test**
District Attorney Ezra Decoto today addressed a letter to State Attorney-General C. S. Webb of California, calling his attention to the announced intention of the Japanese Business Men's Association of Oakland to make a test of the alien poll tax law by causing the arrest of Heiichi Terumatsu, secretary of the association, for failure to comply with the law.

Under the California law the burden of prosecuting such cases falls upon the attorney-general's office and not upon the office of the local district attorney. Decoto, however, offers the complete co-operation of the entire machinery of his office with the attorney-general in the matter.

SHU BOARD ENJOINED.
NEW YORK, July 26.—A temporary injunction restraining the United States Shipping Board, the Emergency Fleet Corporation and the United States Lines from interfering with operation of the ship seized Friday from the United States Mail Steamship Company was issued here.

BANKS TAKE FINAL STEPS OF MERGER

Bank of Alameda Once More
in Field: Promotion Among
Officers Announced; Capital
of \$7,000,000 Involved

A FINAL step in the proposed merger of the Bank of Alameda and the Bank of California was taken today when the directors of the Bank of Alameda announced the promotion of officers and the capital of \$7,000,000 involved.

At the same time two officers, Charles E. Taylor, president, and J. R. Knowlton, vice president, have been elected to the board of directors of the Bank of Alameda.

With the recent increase in the capital of the Bank of Alameda, the directors of the merged institution are J. R. Knowlton, J. J. Boardman, George W. Scott, A. V. Clark and S. P. Telle.

With the recent increase in the capital of the Bank of Alameda, the directors of the merged institution are J. R. Knowlton, J. J. Boardman, George W. Scott, A. V. Clark and S. P. Telle.

While the actual consolidation was effected July 1, on the two banks at the close of business on that date the change of name to Bank of Alameda National Bank was not completed until July 6.

With the exception of its incorporation of a Trust Department which has just been sanctioned by the State Banking Department all the necessary details of the undertaking were completed in the early part of the month.

The bank is now a consolidated institution, departmentalized and authorized to accept deposits of a commercial bank, savings bank, trust company and a safe deposit company, with membership in the Federal Reserve System.

Since the creation of the Federal Reserve Banking System the act has been so amended as to permit state banks to obtain the protection and privileges heretofore participated in by National Banks only, and a state bank, therefore, with membership in the system and a national bank are now practically of the same status.

Capital of \$7,000,000 is involved in the merger.

**Man Is Arrested For
Theft He Made Good**
Edward Franklin, colored, was arrested this morning by Police Inspector Joe Enright and J. J. O'Donnell for the theft of \$25, which he made good several weeks ago. He was arrested on the warrant of Mrs. Lizzie Coates, 122 W. 10th street, who alleges that on March 22 he took \$25 from her purse when the couple resided at 1777 Alameda street. Before the warrant was sworn out against him he left town and on his return to this city he paid her the money.

Husband Holds Captive Blind Intruder in Home

ALBANY, N. Y., July 26.—When Joseph Vargas, 35, of San Francisco, was arrested by the Oakland police, he was now residing in Oakland. The authorities were also notified in the event of no formal complaint being sworn to by the police, the case would be dropped.

Vargas, who has been in the city since July 1, was arrested by the police on the charge of holding a blind intruder captive in his home. The intruder, who was blind, was found in the home of Vargas, who was arrested by the police on the charge of holding a blind intruder captive in his home.

**Funeral Is Held
For Retired Minister**
BERKELEY, July 26.—The funeral of Rev. William Manning, a retired Methodist minister who died Sunday night, was held this afternoon at the home of his daughter, Mrs. Bert A. McArthur, 2141 Ward street, as the result of which he died of a fall several days ago.

Rev. Manning was 55 years of age, a native of England. He came to Berkeley three years ago from New York state, where he was active in the ministry for forty-five years. He was the father of six children, only one of whom survives.

Household Supplies
Refrigerators, the famous (Alaska) Enamelled (in white) \$40.00
Apartment House (in seamless porcelain) \$75.00
3-door (in seamless porcelain) \$95.00
Refrigerators that will last a lifetime. We solicit your inspection. Electrical department offers a variety of urn sets—percolators, chafing dishes, toasters, etc. (Exceptional values.)
Aluminum ware—We carry in stock nothing but the best grades—but priced so reasonably as to warrant your inspection before purchasing elsewhere.

By Kin Hubbard

YOUR WIFE WANTS YOU ON THE PHONE, SIR!

SAY I'M OUT!

M. M. M.

Editor (surveying summer landscape)—Season of mist and mellow fruitfulness, close bosom friend of the maturing sun. Friend—But, I say, that was written about autumn, wasn't it? Editor—Yes, yes, I know—but you must remember that we are about to press four months in advance.

"If I stole fifty kisses from you, what kind of larceny would it be?"

call it grand," replied the sweet young thing, without a quiver of an eyelash. *

Photoplay Writer—But look here! This character is supposed to be a very homely man, and you have cast for him a handsome fellow, who is in your company. Director—Oh, he'll be homely enough when the camera man is at the developer get him out of the picture. He is so engaged to the star, and both those

MANY PLAYERS FIGHTING FOR HITTING CROWN IN P. C. L.

JOHNNY COUCH IS HAVING A BIG SEASON ON MOUND FOR THE SAN FRANCISCO CLUB

FIGURES SHOW COOPER PINELLI, KNIGHT DOING BIG WORK FOR OAKLAND

Caveney of Seals and Several Others Ready To Take Hitting Crown From Hack Miller

By EDDIE MURPHY

"Hack" Miller, slugging left fielder for the Oaks, remains the wearer of the crown for the leading hitter in the Pacific Coast League, but the big fellow has several more rivals than he did at this time last week, and they are so close to him that a couple of hits for them while "Hack" is having a bad day, would place them ahead. Duffy Lewis, who hasn't played in enough games as yet to be classed as a regular, is topping the list of hitters with an average of .466, having made sixty hits in thirty games. Miller was in a small slump on the Salt Lake lot and fell off seven points. Jimmy Caveney, Seal shortstop, had a big week against the Portland pitchers and is now but two points behind "Hack" Miller. "Tub" Spencer, Joe Wilhoit and Jack Knight are all within ten points of Miller, so it looks like the big fellow will have to take a few toe holds at the plate this week against the Seattle chucks.

Jack Knight had a big week at Salt Lake and topped up nine points. He gathered fourteen hits, of which three were homers, five doubles and two triples.

Claude Cooper Is Going Along Strong For Oaks

Claude Cooper is the Oak who is doing the most surprising work with the stick and in the field and on the path. He has been hitting for a week or more, and in the eight games last week and topped from .321 to .322. He has been hitting for a week or more, and in the eight games last week and topped from .321 to .322. He has been hitting for a week or more, and in the eight games last week and topped from .321 to .322.

PETE HERMANN WAS BACK BANTAMWEIGHT CHAMPIONSHIP

SPORTING WORLD HAS PLENTY OF AMATEUR AND PROFESSIONAL EVENTS TO FOLLOW THESE DAYS

AMATEUR SPORTS ARE CATCHING EYES OF PUBLIC THESE DAYS

Golfing, Yachting and Coming Matches For Davis Cup Are Attracting Much Interest.

By B. H. LALANDE

For the next few weeks the three amateur summer sports—tennis, golf and yachting—will crowd out, in the eyes of the public for awhile, the professional sports—baseball, boxing and racing.

The open golf championship at Washington which Barnes won a few days ago is just the beginning of two months of the royal and ancient which promises to have a larger turnout this year than ever before.

Yachting, though not holding the public interest as much this year, because of the lack of an international tinge which it enjoyed last year, due to Sir Thomas Lipton's invasion, is having a big play—especially in the east where last week the Larchmont regatta was held, and where the New York Yacht Club has decided to renew its activities on a large scale.

This club received a great setback during the war but is now recuperating and will bring the season on the water to a climax with the Aastor and King's cup races at Newport.

Couple of Months Will Be Taken Up by Tennis

Tennis is now under way and will continue until late in September when the important tournaments and Davis Cup play will be completed. At the present time the preliminaries to the big championships are in full swing, not only in this country but all over the world where competition for the Davis cup enters into the program of athletics.

Tennis has already taken France down the line and although this means the cancellation of the French team's visit to these shores it brings the Indian representatives here for competition with Japan on August 21 and 22. Argentina, though defeated, has dropped by the wayside because of lack of funds to send their team to compete against the Danes but the latter have signified their intention of staying in Australia and Canada will terminate their play in the cup ties today and the winner is due at Pittsburgh this week to practice for the semi-finals against the British Isles team.

In the tournaments in the east the only celebrity not as yet seen in action is William A. Johnston, the former national champion, but indications are that he will be entered in the next big tournament as he left last week for the scene of the big battles. Experts are of the opinion that the Californian will make Bill Tilden the present national and world's champion go the limit this year to hold his title.

Tilden Has An Alibi For Defeat by Richards

In fact it would not be at all a surprise to see Johnston again the title this year in view of the fact that only the other day Vincent Richards, the youthful Yankee star, easily defeated "Big Bill." Recent eastern dispatches, however, offer an alibi for the triple champion's defeat by saying that he not only entered in the Rhode Island championship but that he was given the entire, doing the announcing, running of the matches and in general managing the affair.

Never before has there been such a wealth of international competition on American courts as will be fought out within the next few weeks. Pittsburg, Indianapolis, Cleveland, Chicago, Newport and New York will share in staging the preliminary Davis cup ties and a majority of the players on the Japanese, English, Australian, Canadian and Danish teams will enter the final cycle of international and national tournaments.

Though the indications were that Johnston, Tilden, Williams and the rest of the upper ten will be more than able to hold their own against this world invasion, the woman's outburst is not to be neglected in the coming of Miss Lenglet of France, the present world's champion. She has already entered her name upon the list of starters in the West Side Tennis Club's national championship on August 15.

The question now foremost in the minds of the tennis followers throughout these United States is, will Mrs. May Sutton Bundy, Miss Mary Browne, Mrs. Molla Bjurstedt Mallory and Miss Eleanor Goss, the American mainstays in the women's event, be able to successfully combat the invasion and keep the national title within the boundaries of this country?

Already has the large interest in tennis this year been felt in the east for the officials of tournaments back there are finding it hard to get their finals complete before the next important tournament is started. This was the trouble which the managers of the Greenwich Field and Agawam Hunt Club's tourneys had to contend with. It has been suggested that the players be compelled to finish in one tournament before entering another. In this way it is pointed out that finals could be run off without postponement and before public interest in them fell to a minimum. The national championship officials foresee this trouble and are going to limit the number of entries. This move, though it will undoubtedly work a hardship on some of the rising talent which has not as yet gained national recognition, should control the situation.

THIS TIME LAST YEAR Cincinnati defeated Cleveland at Cleveland, 4 to 3, in an exhibition game.

LAST NIGHT'S BOUT ROUND BY ROUND

ROUND ONE. Herman landed a right to the jaw and they sparred. Lynch landed left to the jaw, both men fighting cautiously. Herman working right in counter to Lynch's jaw. Herman upset Lynch with a left to chin.

ROUND TWO. Lynch was short with left to head. Then he almost sent Herman down with right to jaw. Herman came back quickly and sent several blows to head and body. Herman sent a stiff right to head and followed it with several blows to body. Herman held head and hand.

ROUND THREE. They exchanged rights and lefts to the body. Herman caught Lynch with right hook to head. Herman sent three hard ones to body. Lynch followed with left to stomach. They were sparring at the bell. Herman's round.

ROUND FOUR. Lynch missed a left and followed it with right to head. They exchanged lefts and rights. Herman sent stiff left to Lynch's stomach. Lynch hooked right to jaw. Herman hooked right to jaw. Lynch followed with fast lefts to body. Herman's round.

ROUND FIVE. Herman hooked left to jaw. They exchanged lefts to body. Lynch jabbed and body. Lynch worked right. They exchanged with rights and lefts. Herman hooked Lynch with left to jaw. Herman's round.

ROUND SIX. Lynch jabbed right to head, and took two short-arm jabs in return. Herman jabbed Lynch repeatedly. They exchanged vicious rights and lefts to the face and body. Lynch jabbed Herman at the bell. Herman's round.

ROUND SEVEN. They fought fast. Lynch caught Herman with several vicious right swings. Herman jabbed Lynch on jaw with right. They exchanged lefts and rights to the jaw. Lynch sent hard left to body. Herman sent left and right to jaw. They exchanged lefts and rights to the body. Lynch jabbed Herman at the bell. Herman's round.

ROUND EIGHT. Lynch sent rights and lefts to the body. Herman countered with left and right to jaw. Herman jabbed two hard rights to Lynch's stomach. They exchanged rights and lefts to jaw. Herman forced Lynch into a corner with heavy body blows.

ROUND NINE. Herman hooked Lynch with a left to head. Herman sent left and right to Lynch's body. Lynch reached Herman's jaw with three light left jabs. Lynch missed two left swings. Herman sent two lefts to jaw, following with hard rights to body. Herman's round.

ROUND TEN. Lynch sent left to chin. Lynch hooked left to body. Herman sent a hard right to jaw. Lynch returned a blow to head. Herman sent left and right to jaw. Herman's round.

30,000 Fans See Hermann Regain Title

By JACK VEIOLIC, International News Service Sports Editor.

NEW YORK, July 26.—Pete Hermann, bantamweight champion, today has established something of a record as a conqueror of champions.

In winning back the world's bantamweight title from Joe Lynch in fifteen rounds, the Crescent City boxer polished off the third title holding opponent inside seven months.

After losing the bantamweight crown to Lynch in Madison Square Garden last winter, Hermann hoped onto a transatlantic liner and sailed for London, where on January 12 he knocked out Jimmy Wilde, world's flyweight champion, in the seventh round of a scheduled 20-round bout.

Two weeks ago, in another London ring, he floored Jim Higgins, British lightweight champion, in eleven rounds, and last night, at 30,000 sweltering fight fans looking on, he won a judge's decision over Joe Lynch in fifteen rounds of hard millage and recaptured the world's championship.

No other boxer within memory has been so many times champion of the world. Hermann's feat is certainly an epoch-making one for the bantamweight division.

As a result of his string of victories, Hermann certainly has strengthened his status as a world's champion. There are few who doubt his claim with the possible exception of Charley Ledoux, and on past performance Hermann is well equipped to capture the French bantamweight, rugged and willing though he is.

LAST NIGHT'S BOUT ROUND BY ROUND

ROUND ONE. Herman landed a right to the jaw and they sparred. Lynch landed left to the jaw, both men fighting cautiously. Herman working right in counter to Lynch's jaw. Herman upset Lynch with a left to chin.

ROUND TWO. Lynch was short with left to head. Then he almost sent Herman down with right to jaw. Herman came back quickly and sent several blows to head and body. Herman sent a stiff right to head and followed it with several blows to body. Herman held head and hand.

ROUND FORTY. Herman jabbed right to jaw. Lynch missed repeatedly. Herman sent right and lefts to the body. They fought furiously. Herman seemed to have the better of the interchange of blows. Herman jabbed Lynch on head and received two hard rights to jaw. Herman's round.

Quality, Not Quantity Is Simpson's Offer to Fans

Local Boxing Promoter Finds That Little Fells Can Entertain As Well As Big Ones.

In arranging his boxing program to be staged at the Oakland Auditorium tomorrow night, promoter Tommy Simpson overlooked only one thing—a pair of real heavyweights.

Four-pounders to hook up in one of the bouts. Otherwise Tommy is offering the boxing fans everything that weight class can furnish. Usually the little fellows put up the best scraps and this is the same old story.

Because they staged one of the most thrilling boxing matches witnessed at the local Auditorium in the past year, when they met last Wednesday night, Jack and Eddie Hoolie have been spoken of more in the past few days than have any other pair of boxers on the card. The Davis and Hoolie bout was just one example of how something that is small can be big.

WALLACE SOME MIXER. But maybe after tomorrow night, fans will be talking more about another pair of boxers, for Wallace and Ted Wolfe, and Johnny Mullen, who comes from the bantamweight division, will be matched pair of 145-pounders. They say that the only difference between battling the wall and the mixer is weight. Wallace is described as one of those boys who battles his opponent in the style as does Oriole, and he can only show up half as well as the latter, then he should make quite a hit with local fans.

Mullen has quite a reputation at the Olympic Club and Tommy Simpson looks for him and Wallace to put up one of the best bouts of the evening.

Roy Sutherland has sent word that he is in great trim and just aching for the chance to show before an Oakland audience. They say that Johnny Nemes will be lucky if he gets away without hitting the mat more than once.

SEEK NORTH BEACH TITLE. Eddie Gilbert and Tom Cronin will battle for the 141-pound championship of North Beach. Frank Faber, a 110-pounder to introduce to the fans in the person of Frankie Pradella, who meets Jimmy Kelsay, Jimmy Farrell and Jack McCoy are the nearest to being heavyweights who are on the card. Alex McDonald is a hit with local fans.

Amateur Sport Ass'n. Planned By K. of C. NEW YORK, July 26.—Plans for the organization of a Knights of Columbus National Amateur Sports Association were announced today by William J. McNulty, supreme secretary of the knights. The association will be perfected at the 8th international convention at San Francisco August 2, 3 and 4.

A 115-pounder who beat Izzy Glazer, and meets Terio Vargas, Jimmy Dunning who won his bout at the Auditorium two weeks ago, will meet Lee Mason at 115 pounds.

Bill Johnston May Take Permanent Grip On Singles Trophy

Bill Johnston, former national singles tennis champion, has gone east for the big tournaments and thousands of his well wishers on the Pacific coast will watch his progress with keen interest. It always has been nip and tuck between Johnston and Tilden and it would be no surprise if the San Franciscan won back the title from the present holder. Those who have been watching Johnston on the courts say that he is way ahead of the brand of game he usually plays at this season of the year.

Another win for Johnston gives him permanent possession of the trophy. It requires three victories, not necessarily in succession, to capture it.

GIANTS DEFEAT FILIPINOS. The Filipino team lost to the Valhalla team at the Beach Park baseball diamond on Sunday by a score of 12 to 8. The Giants are so elated over their victory that they are now on looking for more games and will probably arrange a series with the Oakland or Marysville club before the summer is ended.

Frankie Tucker Is Defeated By J. Ray

FRANKIE TUCKER, former champion of Los Angeles last night, the boys' 117-pounder Ray tried in seven rounds to land a knockout blow on Tucker but failed. Tucker, who was defeated by Ray, is now on looking for more games and will probably arrange a series with the Oakland or Marysville club before the summer is ended.

Canadian Ships Make This Port Regularly Now; Barley Cargo Goes.

Arrival at the Parr Terminal docks possibly late tomorrow, of the Canadian steamer Canadian Observer, T. J. Macdonald, master, from Vancouver. From Oakland marks the second vessel of a new line making this city a port of call.

The ship, operated by the Canadian government, inaugurated its Oakland service yesterday with the departure from docks here of the Canadian Governor, carrying mail and merchandise of general nature.

The Rover tied up in Oakland Monday afternoon.

A third ship of the line, the Canadian Farmer, will pay its maiden visit to Oakland in a fortnight. Farr officials announced.

Another vessel departing yesterday from Oakland docks was the Australian 10,000-ton motor vessel with barley for Britain. She was loaded at Albers.

The Canadian line, now here, serve Vancouver, Victoria, Ocean Falls, San Francisco and maintains service as far south as San Diego. The ships were brought to this coast from the St. Lawrence river.

WATER COMPANY BONDS are dependable investments because the business of supplying water to stable communities is about the most dependable of all business activities.

The very nature of the business is such that operating expenses do not fluctuate widely. Taxes may vary slightly and the cost of fuel for pumping may vary slightly.

But the principal element in the cost of supplying water is the investment in property for impounding, purifying and distributing water.

To a basically dependable business in California the investor should add the stabilizing power of Railroad Commission supervision. Assuming a fair capitalization and satisfactory service,

Earnings vary in the same proportion as expenses. Thus the investor is always assured of an earning power adequate to meet all charges and a proper balance for surplus reserves.

This is why Water Company bonds represent the best type of public service corporation securities. This is why Water Company bonds are sure-footed investments.

And this is why we unhesitatingly recommend your investment in EAST BAY WATER COMPANY Unifying and Refunding Mortgage 7½% Gold Bonds at 100 to pay you 7½%. Are you in position to take advantage of this offering? Then call on us in person or let us call on you in person and discuss this matter.

COMPETITION TO
CHURCH SEEN IN
SEVERAL SOURCESReport of New Era Committee
Shows Large Gain in
Membership.

Declaring that the New Era committee of the California Synod of Presbyterian churches has merely begun its task in church development and is faced with the keenest competition from cheap dance halls, disregard for the Sabbath, easy divorce laws and apartment houses which discourage family life because of the ban they place on children, A. S. Johnson, chairman of the committee, reported this afternoon to the synod. He also suggested that the name of the New Era committee be changed to the "Church Extension Committee," or "the Committee on Church Extension and Christian Culture."

"To say that the church has no competition," he said, "What of the movies, the public dance, the growing disregard for the Sabbath, easy divorce laws, homes established in apartment houses forbidding children. All these are modern competitors of the church and should engage our serious consideration."

The report of the committee also showed a considerable increase in new membership, in gifts and benevolences, and in the number of members received on profession of faith.

In part the report is as follows:

"Based on a five-year average increase in new membership, the year 1921 showed an increase of 35 per cent with a 20 per cent increase in total membership. The Sunday school likewise showed an increase of 31 per cent. The gifts for benevolences show an increase of 128 per cent with an increase for local church expenses of 66 per cent, a total increase for benevolences and local church expenses of 58 per cent. This great increase in finances has made possible a better staff for the local church. The average city pastor has at his command these days a director of religious education and a secretary."

GIFT FOR SUPPORT.

"These figures indicate that the average gift for church support for 1921 was at a rate of \$31.54 per capita. Out of this \$7.43 per capita was given for home and foreign missions and other benevolences. The fact is the Presbyterian church throughout the United States shows a material increase, both in additional new members and gifts for missions. The national receipts for benevolences for 1921 amounted to \$10,328,124, while in 1919 the Presbyterian church received about half of that sum, or \$5,354,807.67, showing practically 100 per cent increase in two years for the church of the entire nation."

In addition to the church on confession of faith. In 1919 there were added 42,478, while in 1921, two years later, we show an incomplete report of

Notables at Presbyterian Synod

Prominent ministers from throughout the state who are attending the annual meeting of the synod of Presbyterian churches of California at Berkeley. From left to right they are (upper row), REY'S, J. D. BLACK, Corcoran; EDWARD M. SHARPE, Red Bluff; WILLIAM K. HOWE, Reno; H. M. CAMPBELL, San Jose; J. M. SKINNER, Stockton; S. J. KENNEDY, Alhambra. (Lower row), E. L. B. McCLELLAN, Braley; JOSIAH DANIEL, Hayward; W. ARREN T. HOWE, Watsonville; N. D. HYNSON of Redlands, and NATHAN D. FISKE of Davis.

25,000, or an increase of 194 per cent.

Dr. H. P. Packard of Urmah, Persia, medical missionary to Africa, addressed the synod this morning, making a stirring appeal for even greater cooperation in carrying on foreign missionary work. He told of his thrilling experiences with the Kurds and Mohammedans, and gave first-hand information of the outrages perpetrated on the Christians by the Turks during the war.

Dr. William F. Schell, secretary of the Board of Foreign Missions, addressed the synod last night on "The Unfinished Task of the Church." He declared that the task is four-fold, and classified it as follows:

"First, the task unfinished; second, the task based on world condition; third, the task based on world expectation, and fourth, the task guaranteeing world victory."

Box Office At Fight Held Up; Loss \$800

NEW YORK, July 26.—While the lights in the ring at the entrance of Ebbets field, Brooklyn, went out last night, just before the beginning of the bout between Joe Lynch and Pete Herman for the bantam-weight championship, three men, in the presence of 2000 persons seeking to buy tickets, held up the ticket seller at window 13, snatched all the bills within reach and escaped.

The exact amount taken could not be ascertained, but Charles E. Blum, Jr., secretary of the Brooklyn baseball club, owner of the field, admitted that it amounted to at least \$800.

Community Spirit Urged in
Church Work by Dr. Foulkes

"While California does not head the list of synods in percentage of gain in any one of the principal items reported in the minutes, her place is so consistently high that a scorer would give her first place in points among all the forty synods reported in the minutes last year."

This statement was made this morning by Dr. William Hiram Foulkes of New York, general secretary of the New Era Movement, in an interview at the Hotel Whitecourt, Berkeley. Dr. Foulkes received recently a communication from the New Era statistician in New York, giving the figures on the various Presbyterian synods throughout the United States, and his statement this morning was made only after he had made a careful study of the figures reported.

FIGHT TO SAVE IDEAL.

Dr. Foulkes, who is recognized as one of the leading churchmen in America at the present time, talked various subjects during the interview. He declared that he was altogether out of sympathy with the statements made by Ambassador Harvey, concerning the reason America went into the war.

"Perhaps a few of the politicians went into the war to save their skins, but the millions of boys who fought on the fields of France went

into the war to save an ideal," he asserted.

That the churches of America have a task ahead of them in reconstructing and enlightening the world during the next few years was another thought expressed by Dr. Foulkes.

DUTIES OF CHURCH.

"The church must carry out the three-fold mission expressed in Matthew 9:35," Dr. Foulkes said. "In that verse the three duties of the church are set forth—first, teaching, which we interpret as religious education; second, healing, which we believe means the unspilled fountain of benevolence which relieves human suffering; and third, preaching. Each of the three tasks must be carried out with eyes of compassion. When the church loses its broken-hearted pleading, then it loses its power."

Dr. Foulkes said that every church must emphasize the community spirit and let it be known that it is solving community problems. Another problem which is facing the church is to know how to promote an efficient national organization which will not stifle but will stimulate the individual church. The individuality of the small church must not be crushed out, he said, but yet there is need for a national church organization which is strong and dominant.

Produce Exchange To Close For Funeral

SAN FRANCISCO, July 26.—Samuel Martin, whose death followed a stroke of apoplexy last week, will be buried tomorrow afternoon from the Central Methodist Episcopal church. During the funeral services the San Francisco Wholesale Dairy Produce Exchange, of which he was a member, will remain closed.

Martin was senior member of the Martin-Camm Company. For more than forty years he was identified with the dairy produce interests of the state. Born in Kentville, Ont., Canada, seventy-two years ago, he came to California more than a half-century ago. Martin was a member of San Francisco Commanders, No. 41, Knights Templar; Mission Chapter, No. 73, R. A. M.; and Mission Lodge, No. 181, F. & A. M.

A widow, Mrs. Anna M. Martin, and a son, Clifford Camm Martin, survive.

HEARTS OF L. A. WETS SADDENED BY WINE WASTE

LOS ANGELES, July 26.—There were heavy hearts in the ranks of the former disciples of the late L. A. Barlevoorn in Los Angeles today. In the center of the city's "L. A. Russia" federal agents poured 1500 gallons of perfectly good wine into a sewer as hundreds of Russians looked on. The wine had been seized in bootlegging raids.

At Los Angeles harbor 131 barrels of American bonded whiskey arrived on the British vessel Somerscombe. The booze had been in the British isles for several years and is being sent to Tia Juana, Mexico. As close watch will be kept on it en route as there would be on \$10,000,000 worth of jewels.

Tailor Accused of Stealing \$1000 Coat

After being traced through the sale of a fur coat valued at \$1000, which he is alleged to have stolen in San Francisco, Walter Mainline, a tailor, was arrested this morning by C. J. Van Slack, a Pinkerton operator, and Philip Meadors, Bodine walking man.

It is alleged that the coat was stolen from a relative by the name of Daly, who lives at 115 De Sota street, San Francisco.

According to Van Slack, he sold the coat in Sacramento for \$125. He was taken to San Francisco, where he will be held by the police of that city for investigation.

"It's a sad world, mates," said an old salt at the harbor today as the first of the 131 barrels rolled into view.

TAX RATE CUT TO
\$2.34 WITH MORE
PARING PROBABLEEstimates Lopped Until Rate
Is 10 Cents Lower Than
Last Year.

The Oakland city tax rate is now down to \$2.34, or 10 cents less than last year's.

Slashing into the requests of all the city departments for the coming year, City Auditor Harry Williams was called into conference and it is admitted that a complete review of the department books may be necessary before the actual amount is ascertained. This may take days.

"I would not venture any opinion on the subject until this part of the job is over," said Baccus.

ESTIMATES LARGEST.

Never before it is admitted, had the estimates of the various departments been so large as those submitted this year.

Licenses, however, began cutting late last week, mindful of the pledge of the council that the rate should not be above the \$2.41 rate of last year.

"We believe the time for high taxation has passed," says Baccus. "Economy must be the watchword."

Parcels on the tax levy does not look like much, but it often means a great deal to the taxpayer and a 10-cent reduction appears to be possible.

The reduction already made is in the face of appropriations for fifty new patrolmen, the two-platoon fire system, new teachers for additional classes and the \$50,000 Lake Merritt improvement fund.

FUTURE PLANS.

According to the finance department the city has begun to make its estimates based on future plans.

The \$50,000 Lake Merritt appropriation will mean only a loan. In the same category comes the increase in the force of the city license department.

"This increase costs more money," it is pointed out, but the license inspector has promised to double the revenue if given additional help.

Commissioner Carter began to take steps yesterday toward making the Auditorium into a paying proposition.

"If the city departments are going on a self-supporting basis," says Baccus, "the tax appropriations can be eased enormously."

In some departments we are going on the theory that they will be more self-supporting."

There is one "drag" on the city treasury, however, which is admitted to be a burden that cannot be avoided.

This is the \$577,814 annual interest on bonded indebtedness for the city hall, auditorium, schools, parks and sewers.

"When the bonds are paid off," says Baccus, "the tax rate can surely go down to a minimum."

BANKER IS SUED
AGAIN BY WIFE
FOR SEPARATION"This Time It Goes," Declares
Mrs. Walter; Reconciliation
Before.

Asking for a legal separation for the second, and what she declares will "absolutely be the last time," Mrs. Bertha H. Walter has filed suit in San Francisco for separate maintenance of \$200 a month and a division of community property from her husband, Edwin N. Walter.

Walter, who secured a restraining order from Presiding Judge Shortall, is a banker and former manager of the Oakland baseball club of the Pacific Coast League.

That her husband compelled her to live for weeks in a home onrush, choked her and beat her and gave her but two handkerchiefs in two years, despite the fact that he has an income of more than \$50,000 a month, is portion of Mrs. Walter's charge in her "absolutely the last" petition for separation.

Her suit was filed in San Francisco yesterday by Attorney Daniel A. Ryan, who secured a restraining order from Presiding Judge Shortall, is a banker and former manager of the Oakland baseball club of the Pacific Coast League.
